- Uploading and linking a document to a referral.

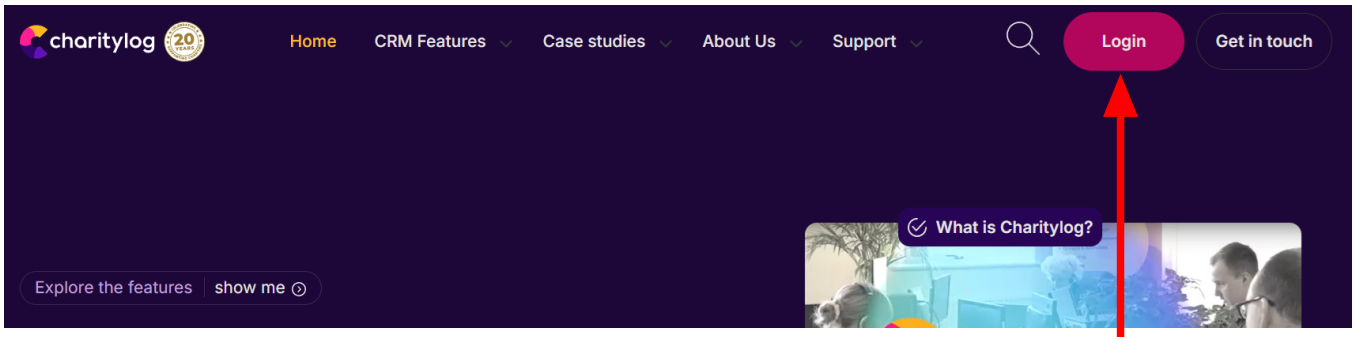
v1.4

CONTENTS

Logging In 3
Adding A Referral For An Existing Customer 5
Searching for the customer 6
Creating the referral 7
Entering the referral details 9
Consent details 10
Outcome details (Digital referrals) 11
Ladder outcomes (I & A referrals) 11
Adding A Referral For A New Customer 15
Uploading Scanned Documents For Form Filling 18
Updating An Action Referral 21

Logging in:

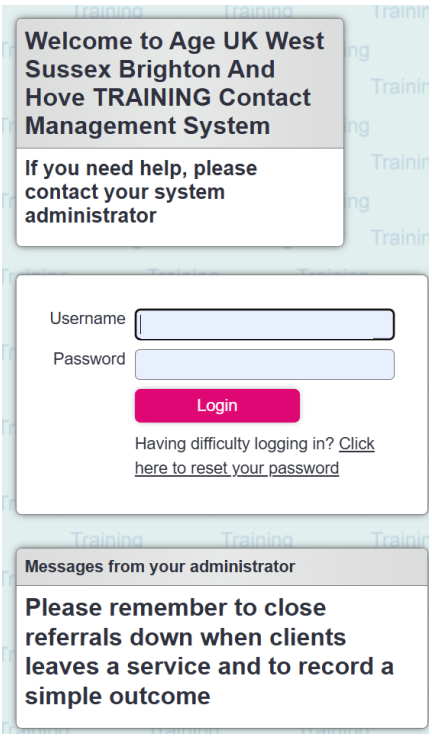
Navigate to https://www.charitylog.co.uk/ in a browser.



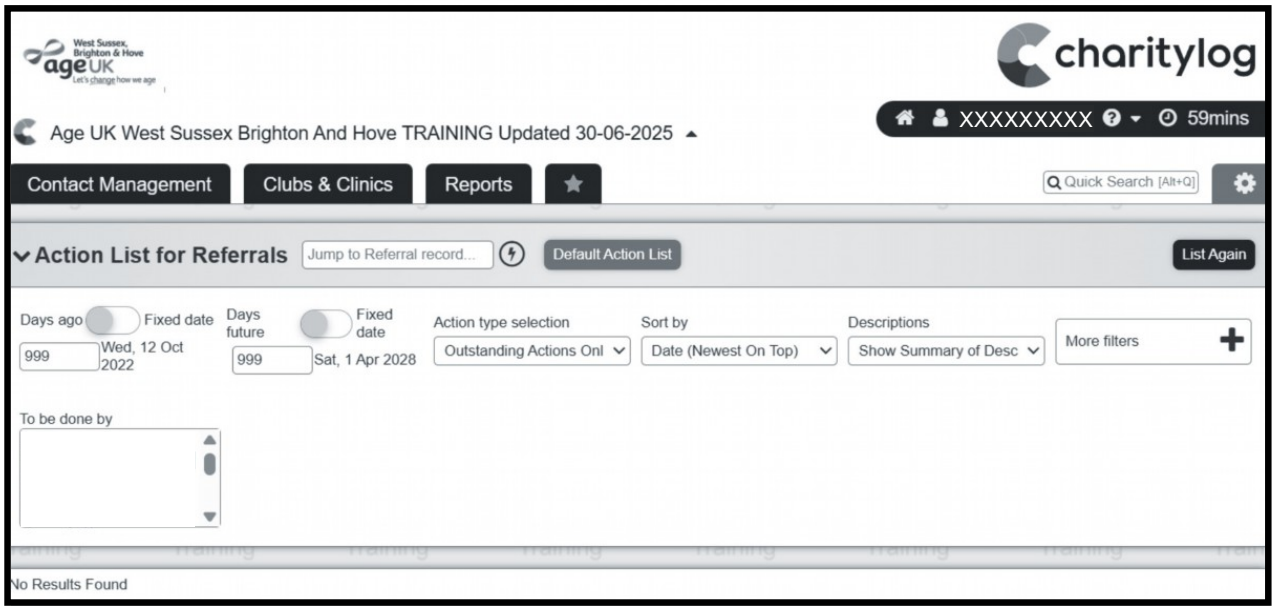
Click the “Login” button in the top right of the page.
This will take you to the “Login Page”:

Enter these login details for Age UK:
Live database:
For “Organisation” enter aukwsbh
For “Password” enter aa66285qe

Training database:
For “Organisation” enter aukwsbhtraining
For “Password” enter aa66285qetraining
And then click the “Login” button.
This will take you to another login page. This is where volunteers and staff members log in to the relevant database:

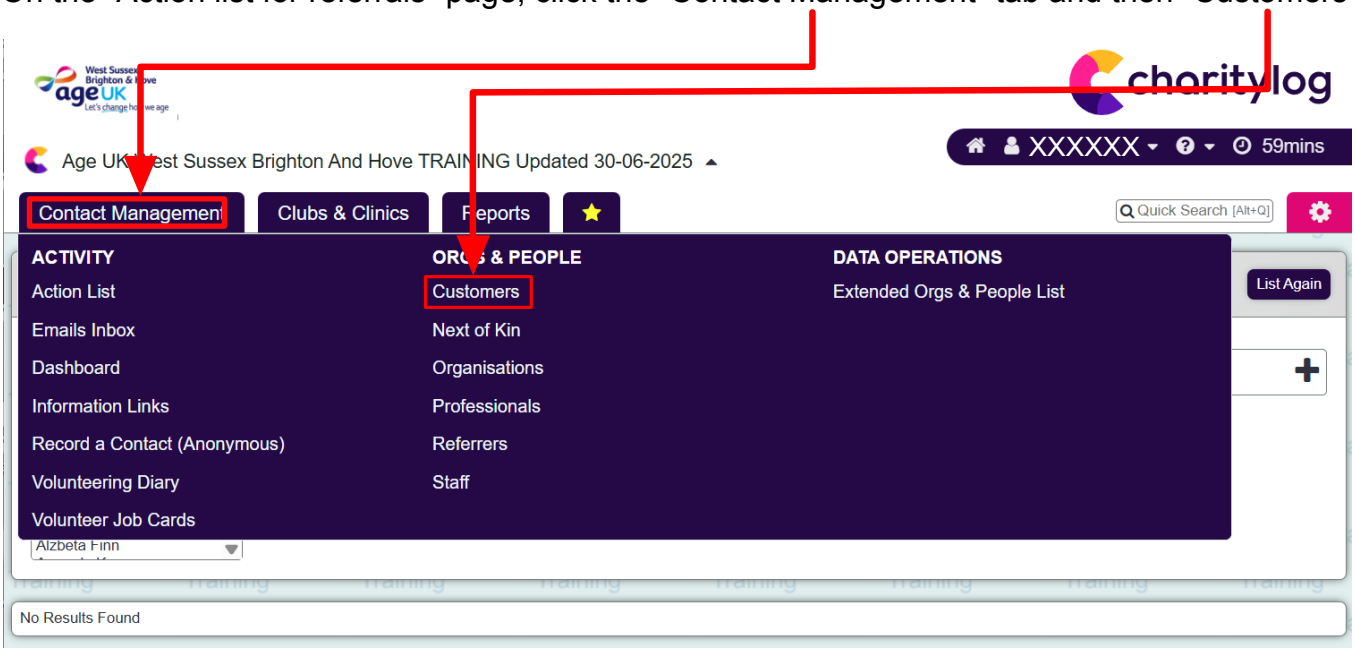


Enter your login details provided by the IT department. Click the “Login” button. This will take you to the next page, “Action List for Referrals”.



To Add A New Referral To An Existing Customer:

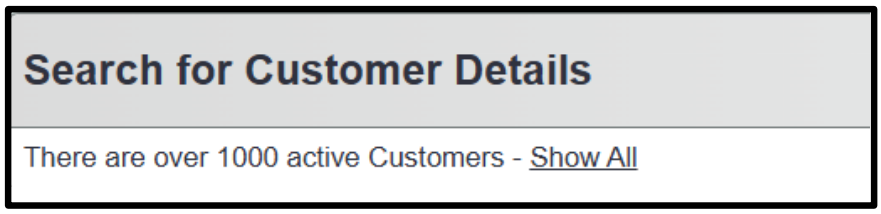
On the “Action list for referrals” page, click the “Contact Management” tab and then “Customers”.



This will now take you to the “Search For Customer Details” page (see next page).
This allows you to search for a customer with either or all of these criteria:

- Charity log number (“Jump to Customer”)
- Surname
- Forename(s)
- Know As
- Address Line 1 to 3
- Address Line 4 (Town)
- Postcode
- Postal District
- Landline Telephone no.
- Mobile Number
- Email Address Main or Other
- Date of Birth.

If more than one record matches, you’ll get a list of possible hits so choose the one that is relevant.
You can also choose “Show All” in the bar above this section:



Jump to Customer | Jump to Customer record...

Surname

Forename(s)

Known As

Address line 1

Address line 2

Address line 3

Address line 4 (Town)

Postcode

Postal District | Unknown

Landline Telephone no.

Mobile Number

Email Address (Main)

Email Address (Other)

Date of Birth | Day | Mth | Yr

GP Surgery | Unknown

GP Name | Unknown

Cared For (Formally or Informally) | Unknown

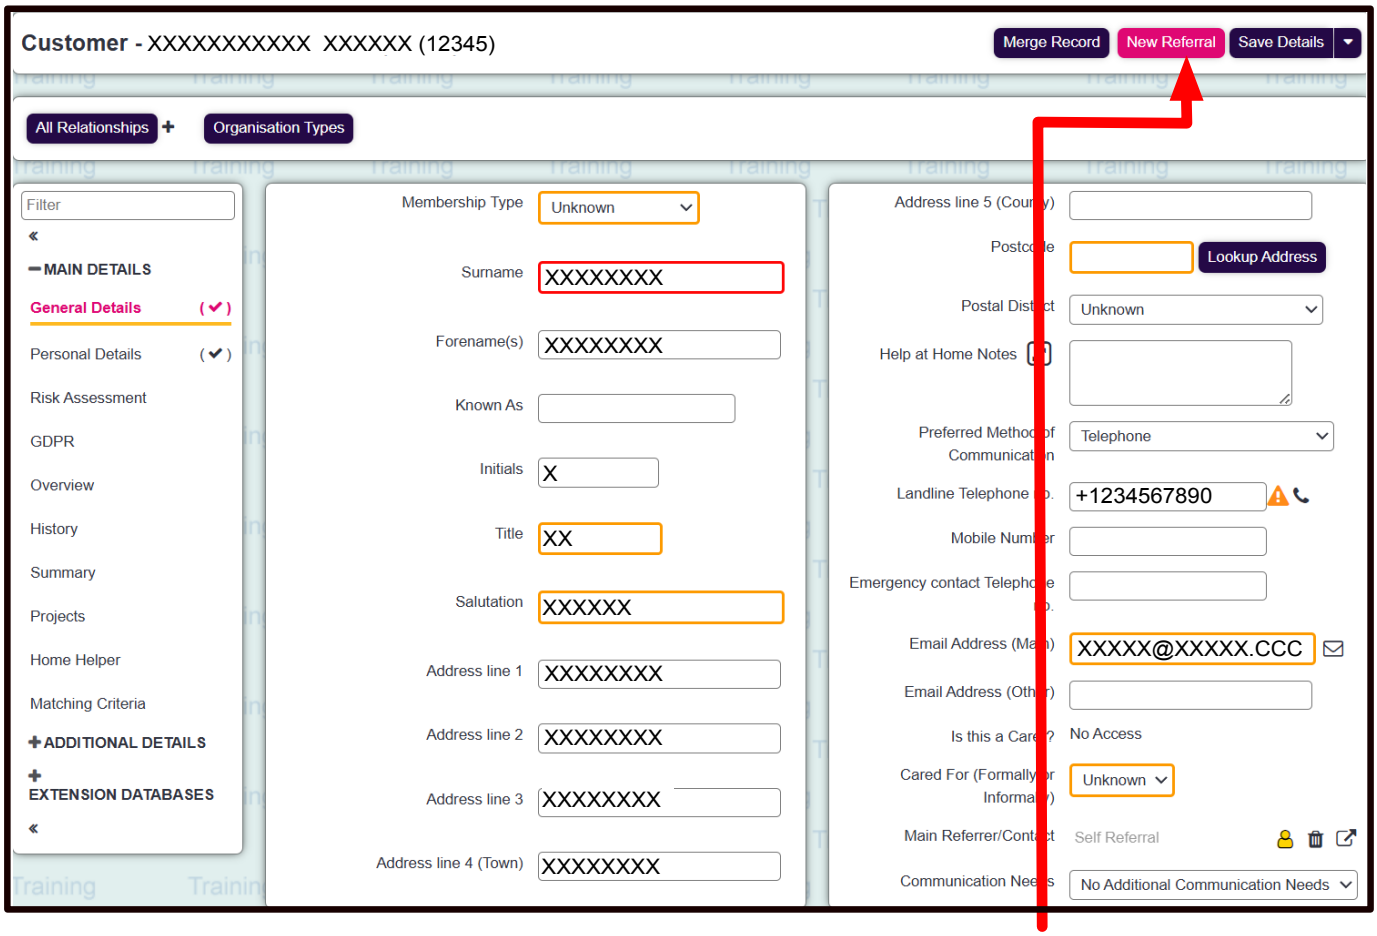
Here is a dummy example for the kind of page you'll get:

Search | A | B | C | D | E | F | G | H | I | J | K | L | M | N | O | P | Q | R | S | T | U

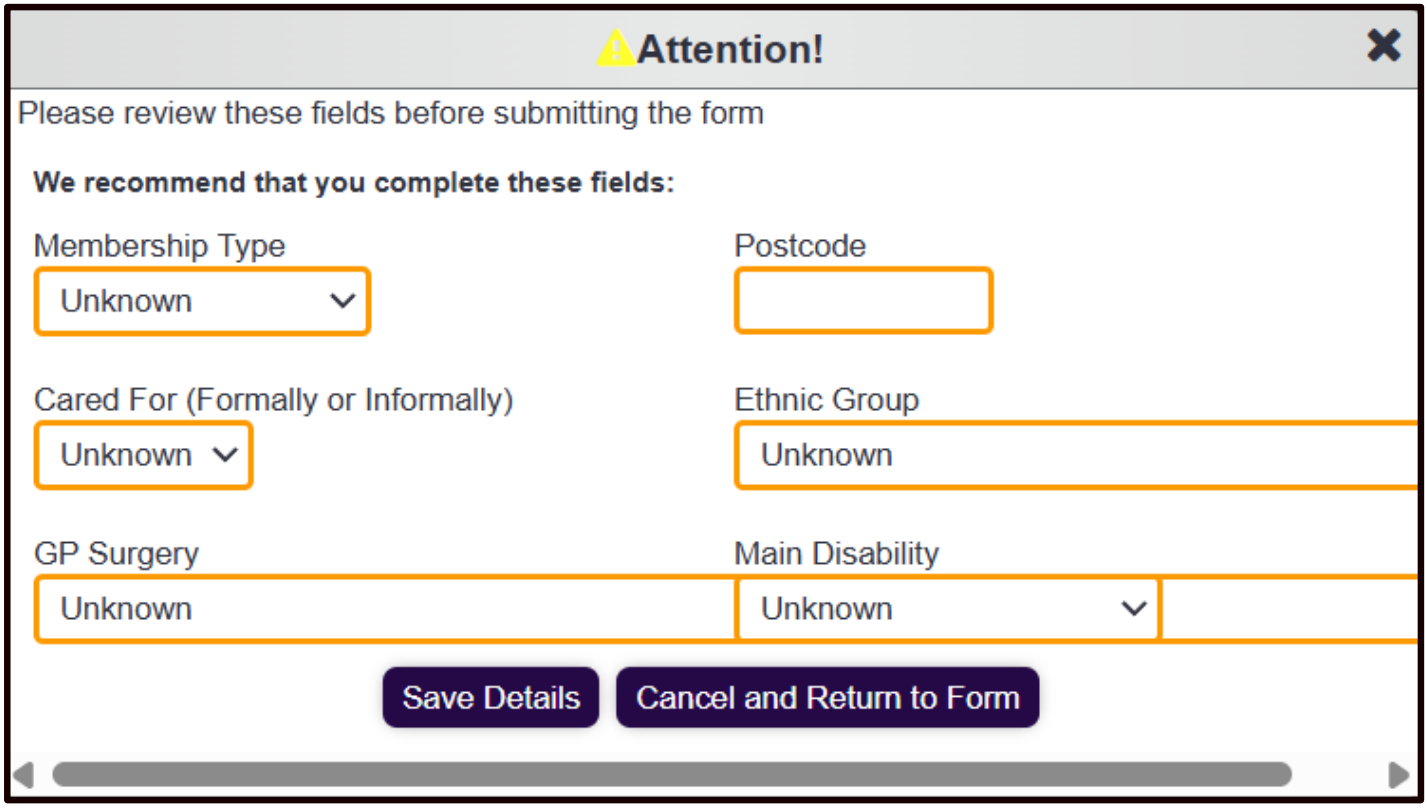
	Name	Address line 1	Postcode	Landline Telephone no.	Email Address (Main)	Cared For (Formally or Informally)	Date of Birth	GP Surgery	GP Name	Support Plans (Showing open plans)	
View	XXXXXXXXXXXXXX YYYYYY 12345			+1234567890	xxxxx@xxxxxxxx.ccc	0	XX-XXX-1234				New Referral

Total: 1

Clicking the "View" button or the name will take you to the customer's details.



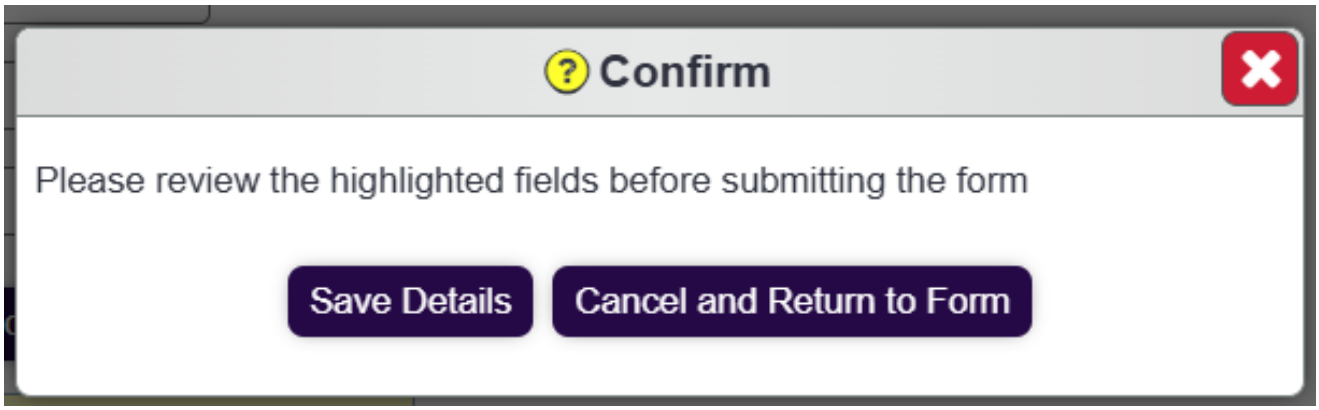
From here you can now add a new referral by clicking on the “New Referral” button in the top right.
You’ll get this dialog so you can review the customers details:



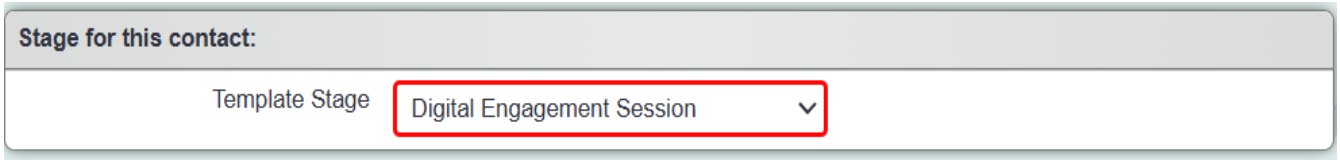
Fill in any details that may need updating and then click “Save Details”.

You will now be on the “Make a new Referral (Customer)” page. For hub volunteers there are only two choices “Digital Engagement” and “Information And Advice BH”.

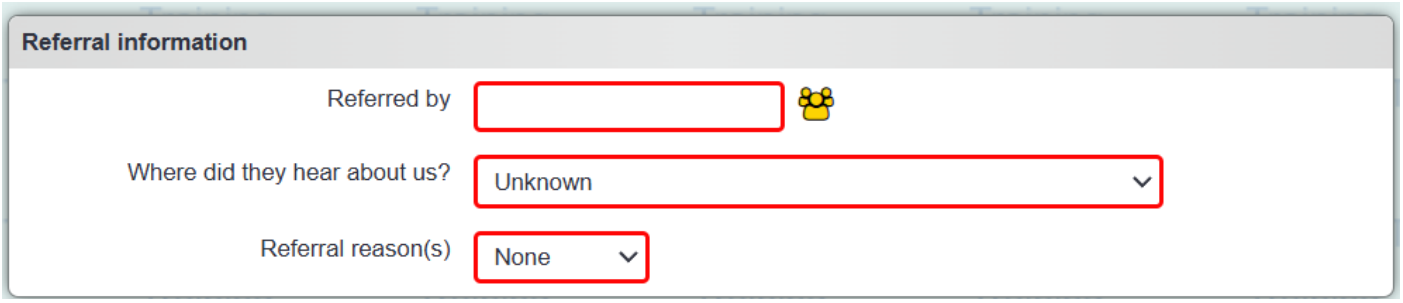
Both types are very similar but there are differences which will be detailed.
Click the required type.
This takes you to a summary of the customer's details so click "Save Details" button at the bottom of the page. A confirmation dialog appears.



"Cancel and Return to Form" takes you back to the customer's details and does not create the referral.
Click the "Save Details" button which takes you to the referral page. This consists of several sections. The red ones are mandatory.
The "Stage for this contact:" for I & A and "Template Stage" should be set to "Information and Signposting". For a digital referral, the template is "Digital Engagement Session".

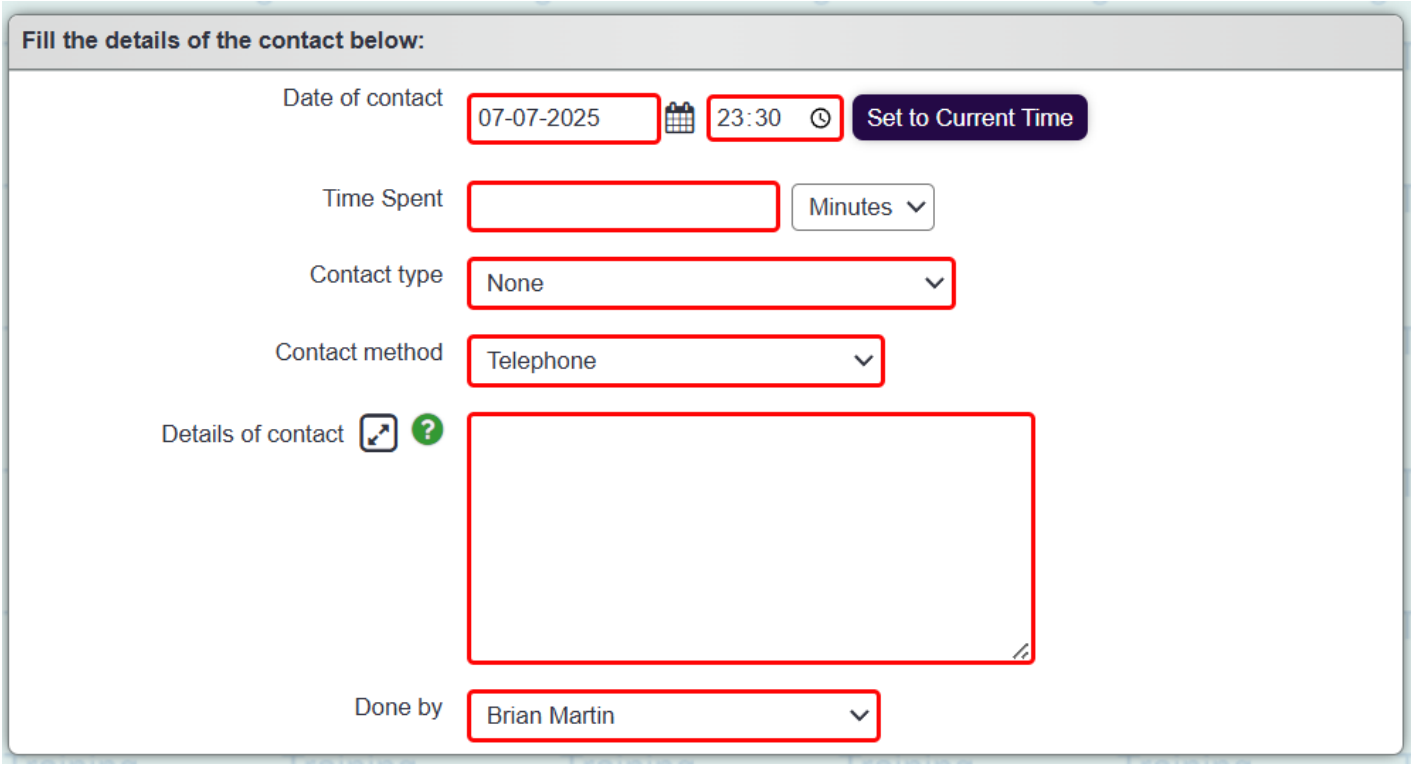


The next section is "Referral Information":

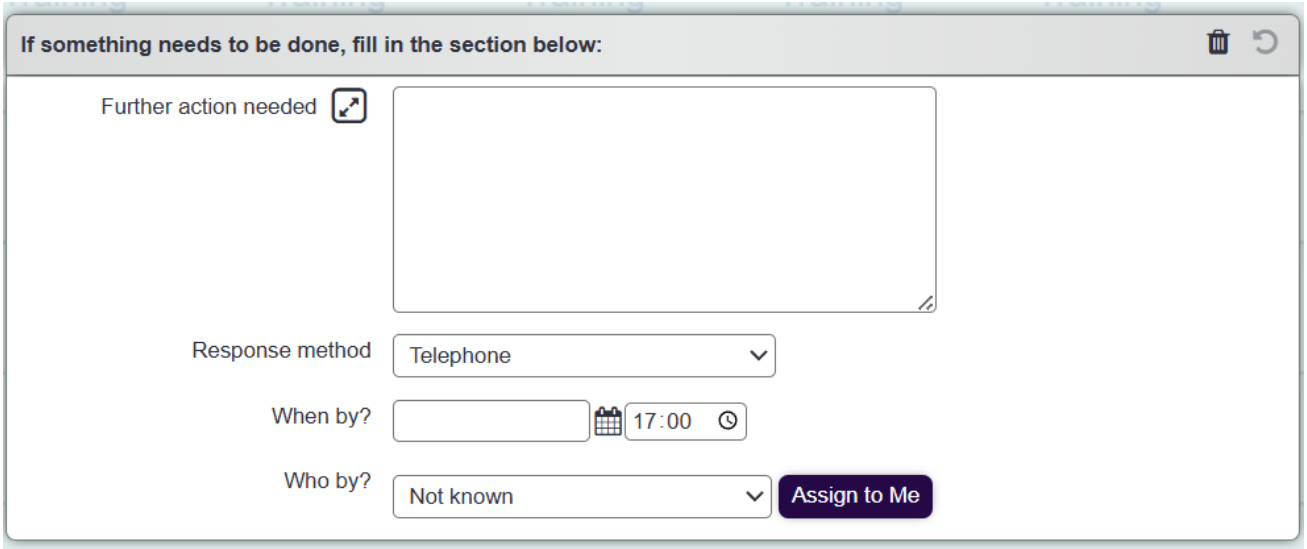


In the "Referred by" box start typing "self" and then select the predefined option that appears.
For "Where did they hear about us?" choose the relevant option from the combo box.
"Referral reason(s)" should be "IT support" for digital and maybe "Age UK Services" for I & A.

In the next section “Fill in the details of the contact below:” enter:
The time spent - time taken in days, hours or minutes.
“Contact type” - With Customer
“Contact method” - Brighton Hub Dropin
In “Details of contact” enter a summary of what happened. When doing an I & A referral, give a succinct account of Exploration and Information Given. Please include any websites, telephone numbers or addresses as needed., In “Done by” you can choose another person if someone other than you saw the customer.

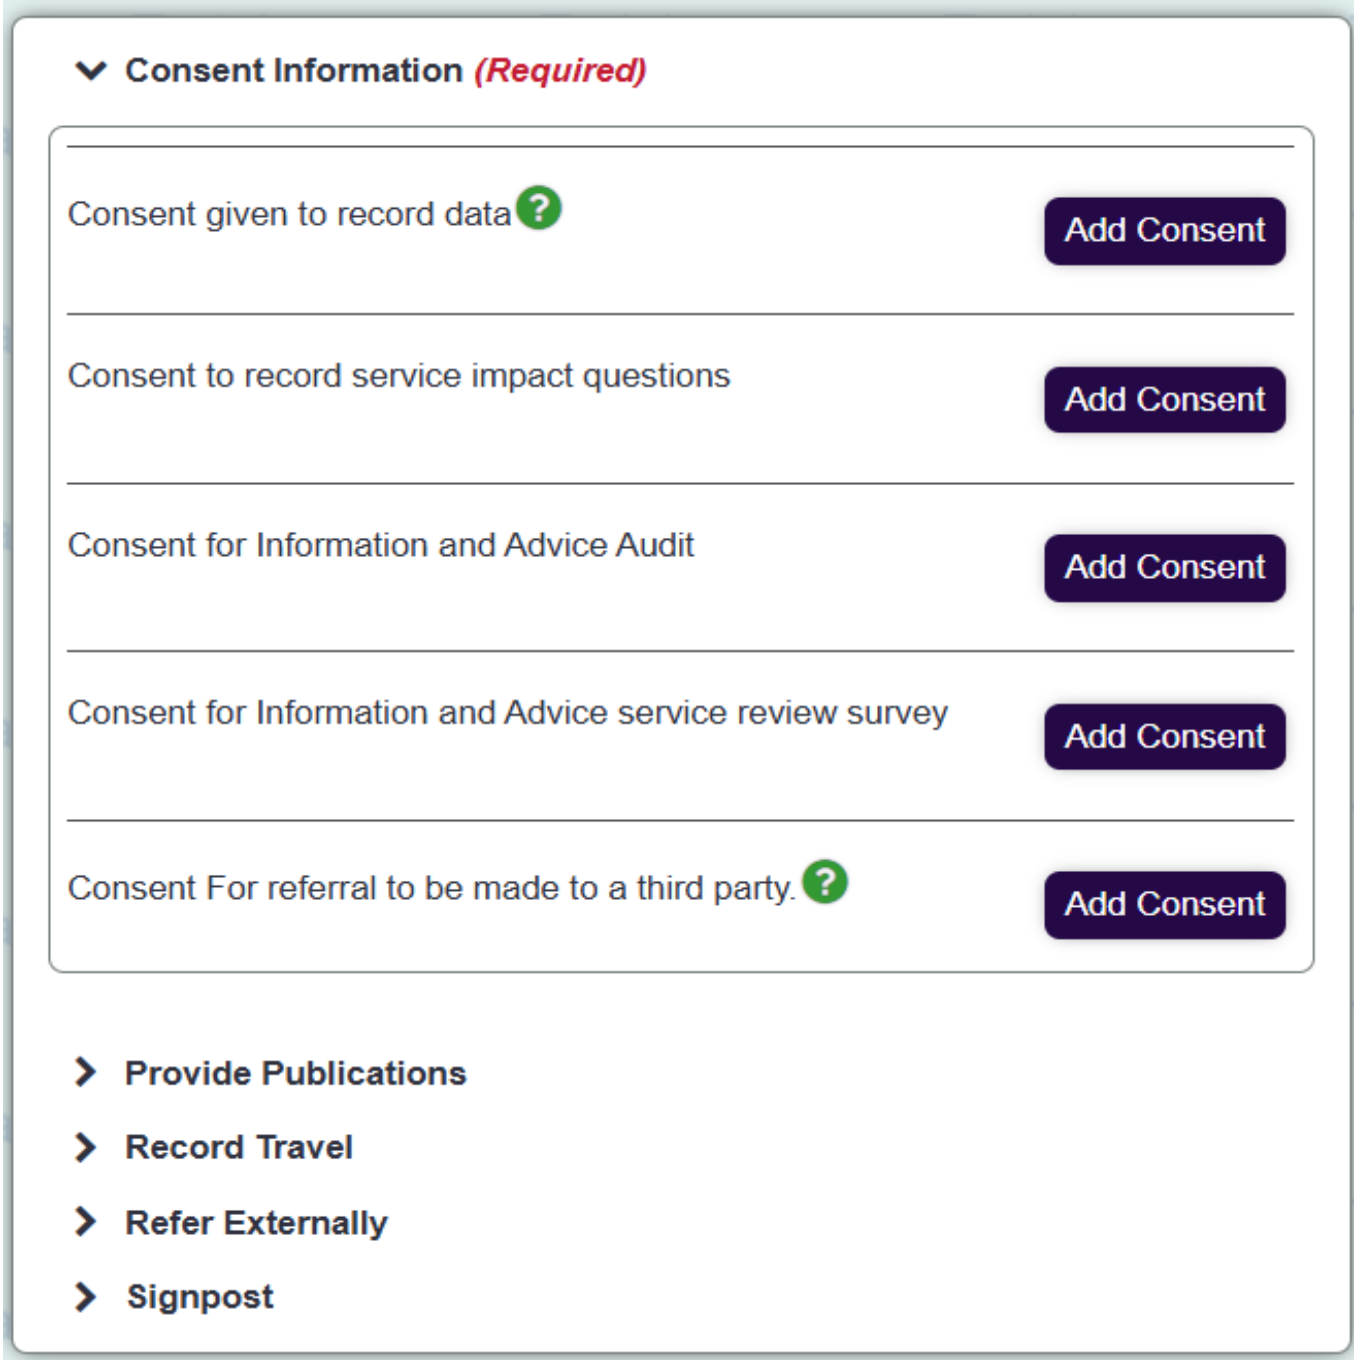


The next section is “If something further needs to be done, fill in the section below:”



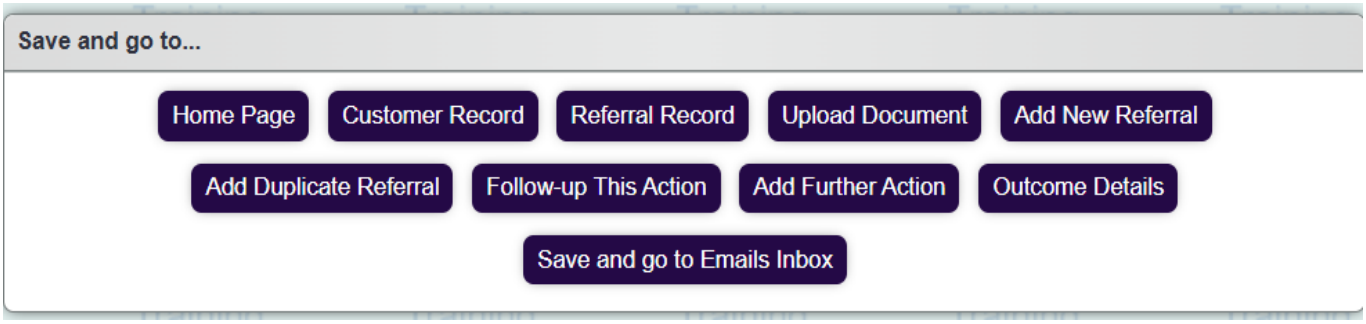
Only fill this in if further action is needed for this referral.

The next section is the “Consent Information” section. This is on the right of the page.

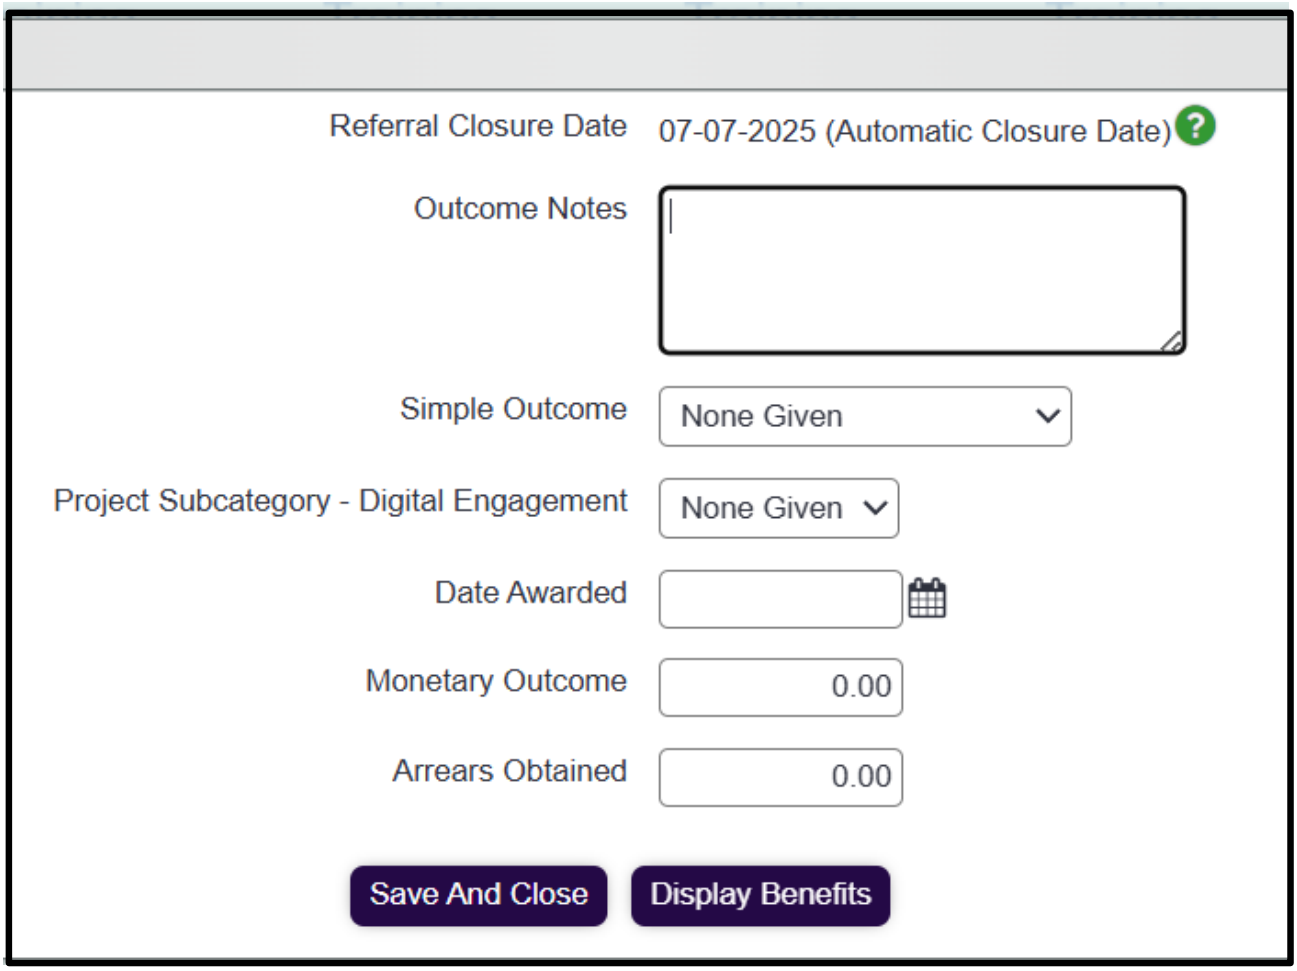


Click “Consent given to record data”. The answer to this is usually “Yes - verbal”. There is a “Notes” text box to enter anything else relevant.
For I and A referrals, indicate if any **Publications** have been given, if there are any **External Referrals** or **Signposting**.

The section at the bottom of the page is “Save and go to”. This is the one for Digital Referrals. The I & A section has other options.

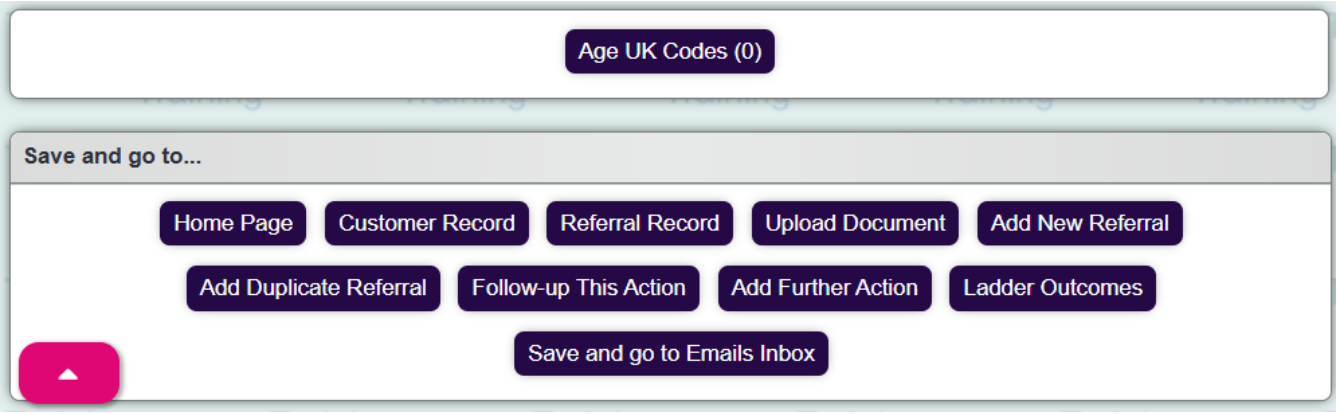


For a digital referral, click “Outcome Details”.
This will take you to another page with this section:

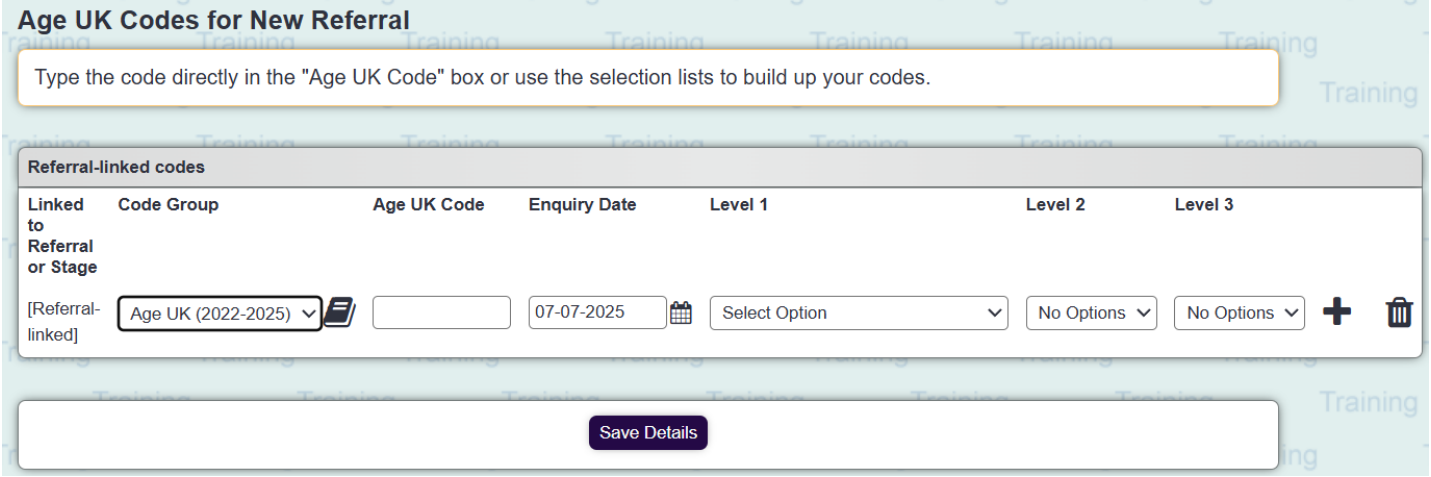


Choose “Took up service” in the “Simple Outcome” combo.
Then click “Save and Close”.

For I & A referrals, there are two sections at the bottom:

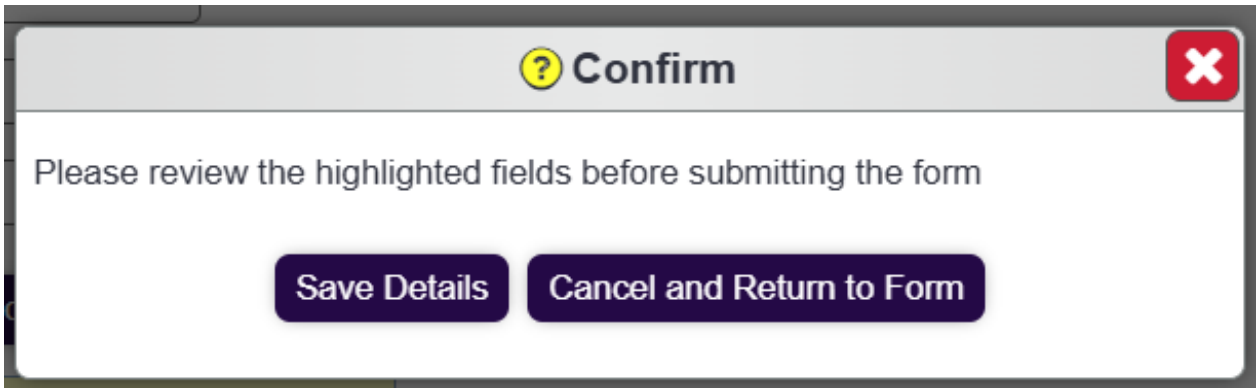


Click into “Age UK Codes”.
This will open another page:

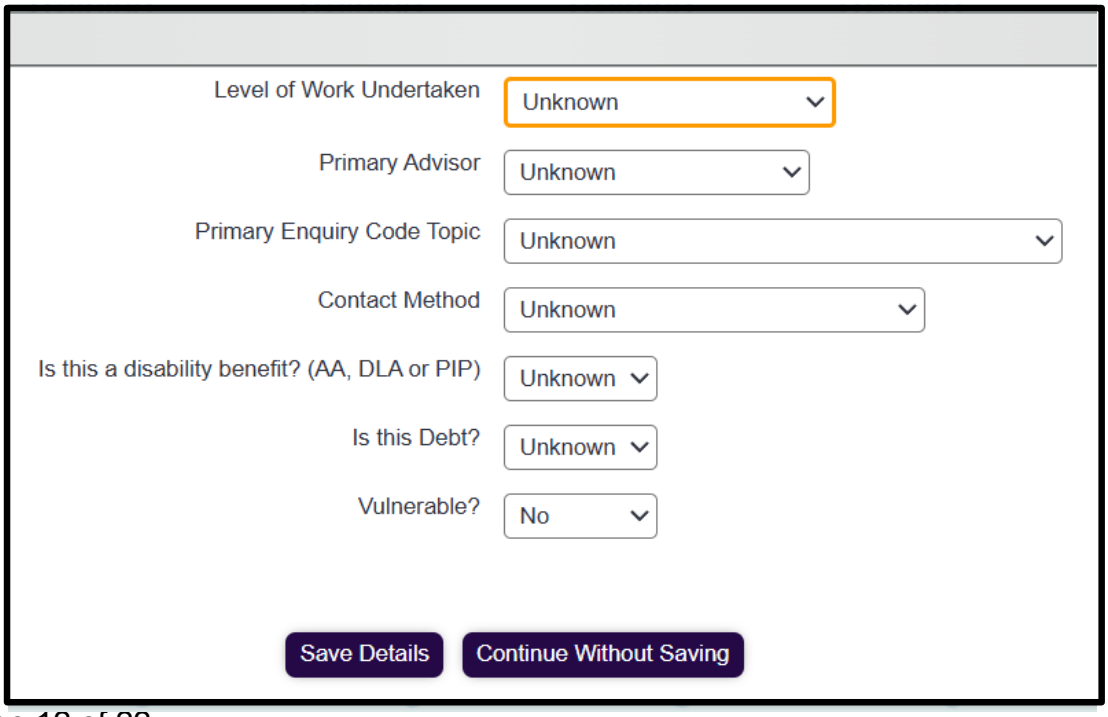


Complete the codes for the 3 Levels, or search for what you need, add more codes accordingly.You do this by selecting the relevant option from “Level 1”. For example, for power of attorney it would be “Legal”.
Complete the codes for the 3 levels. For our power of attorney this would be:
Level 1 - Legal.
Level 2 - Power of attorney.
Level 3 - One of the relevant options.

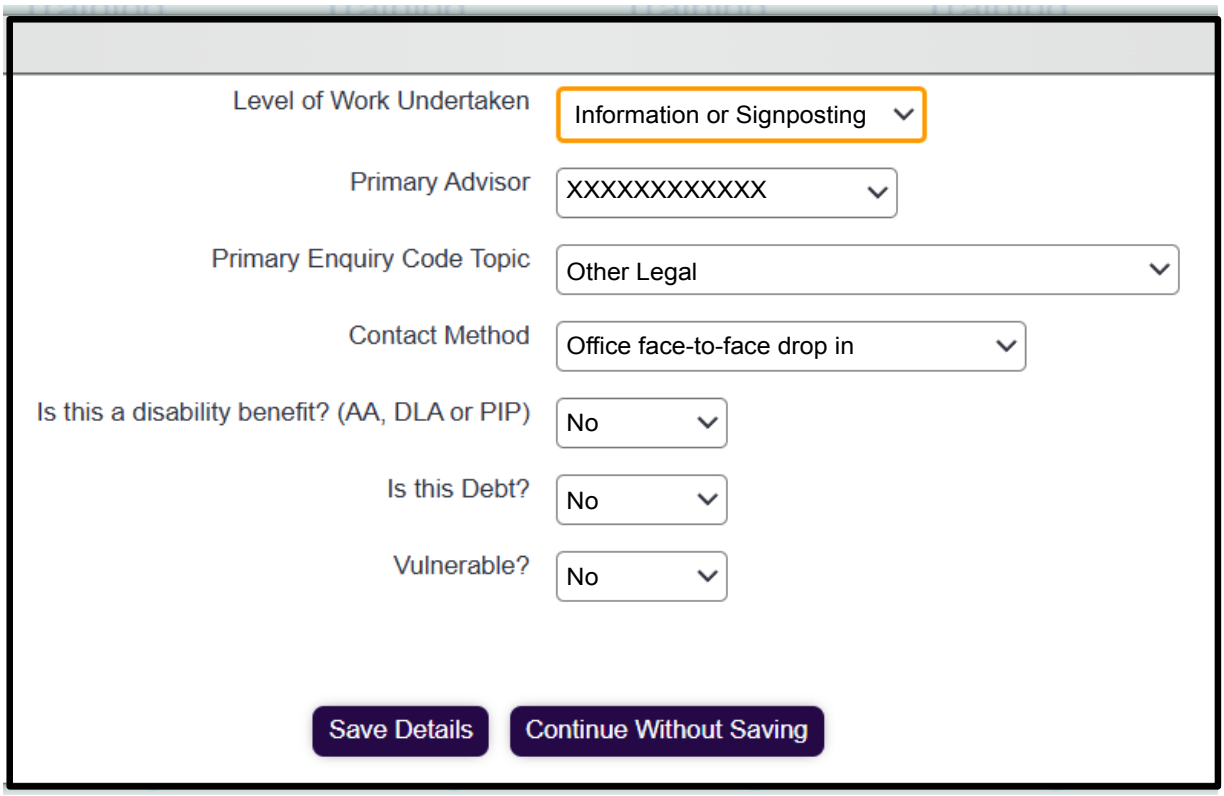
Click “Save Details”.
In the “Save and go” section, click “Ladder Outcomes”. The following dialog will appear if you have missed a mandatory field. Just click “OK” and provide any missing info.



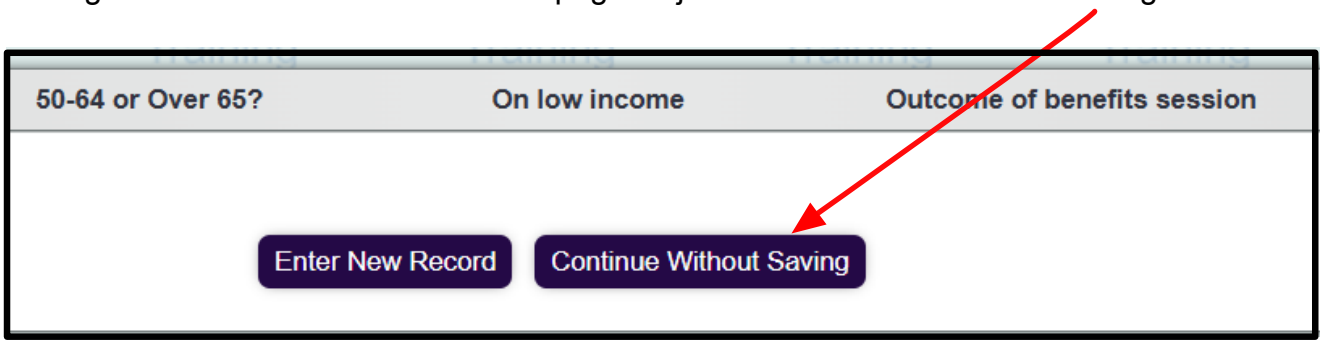
This is the page that appears if all goes well:



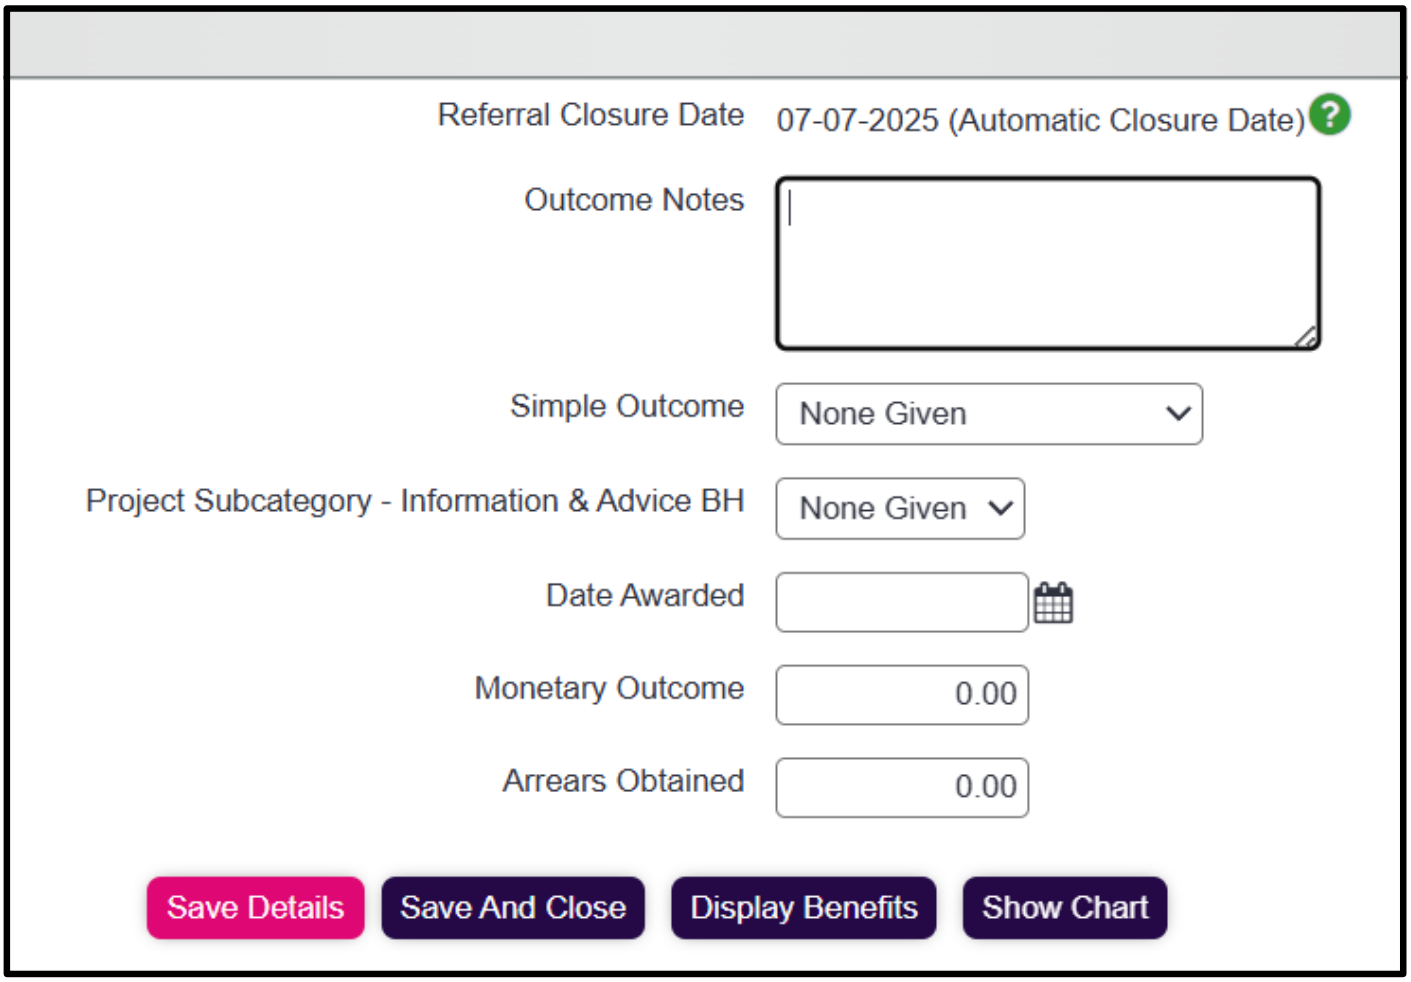
Fill in the boxes as required. Below is an example for the Power Of Attorney referral. Click “Save Details” when finished.



You’ll get this “Warm Home Discounts” page so just click “Continue without saving”.

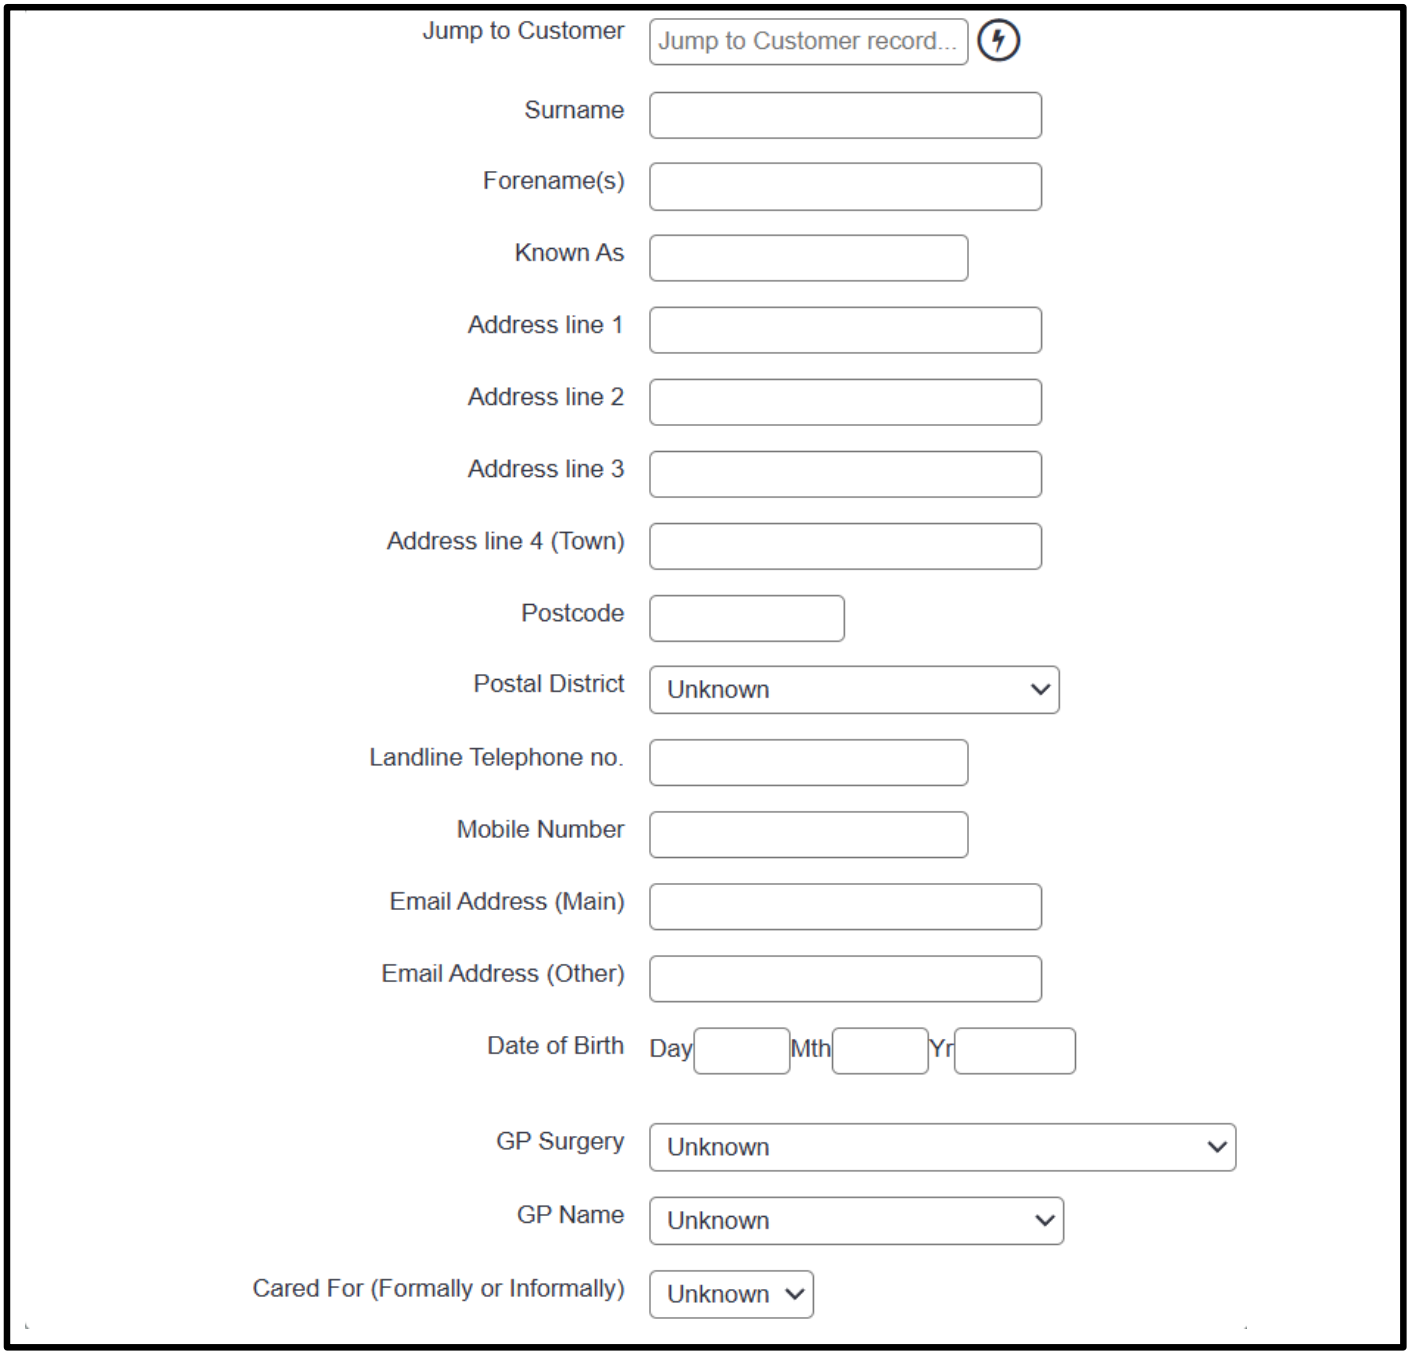


This will give you a page with this section on it.
In “Simple Outcome” pick “Took up service”.
Then click “Save Details” or “Save and Close”.

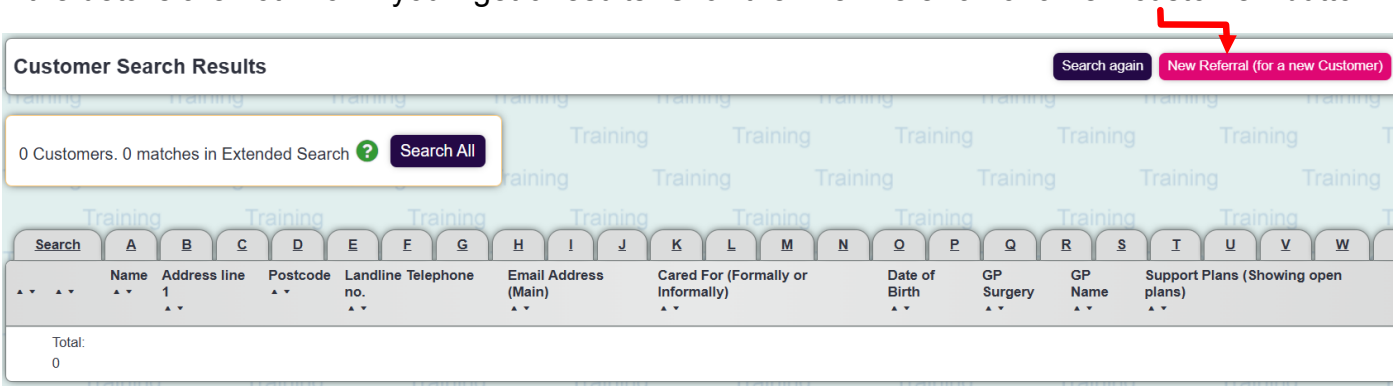


To Add A New Referral For A New Customer:

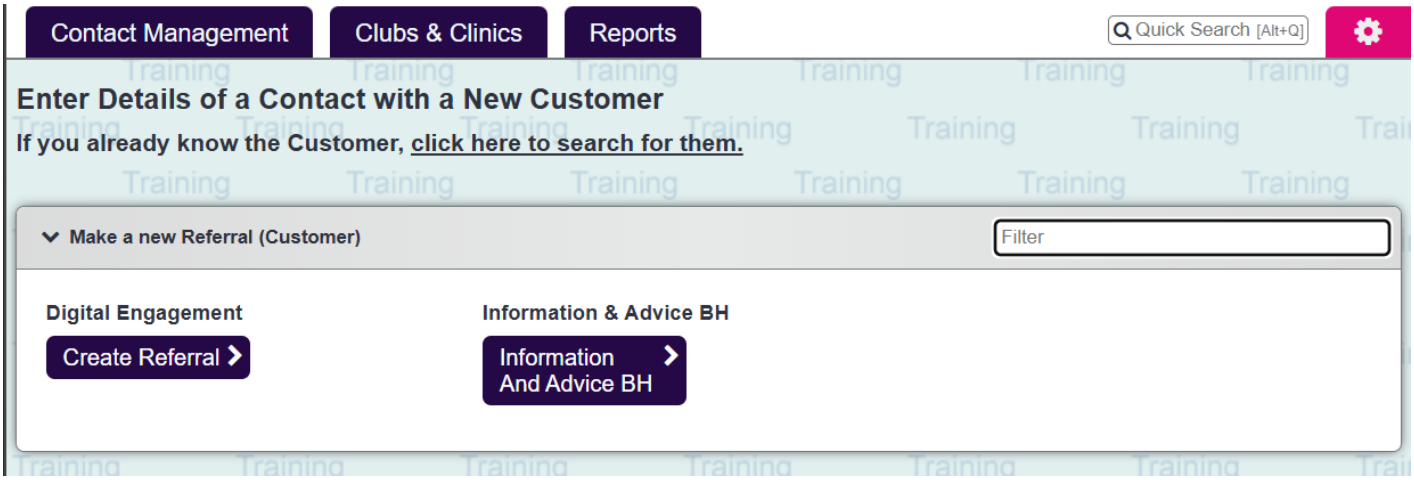
Click the “Contact Management” tab and then “Customers”. This will take you to the “Search for customer details” page as before:



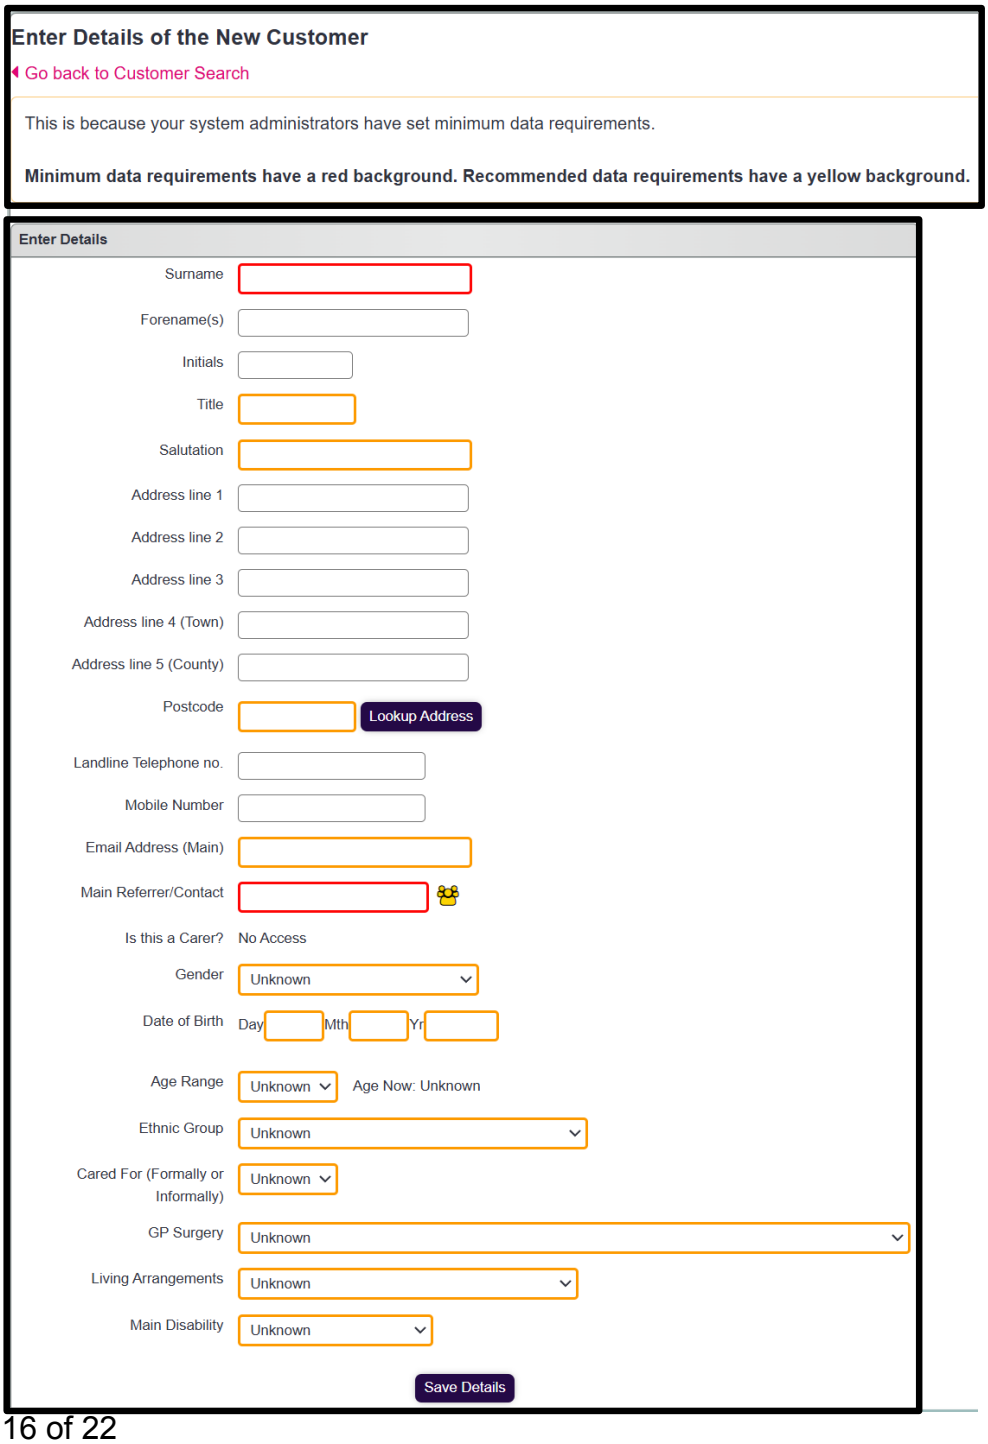
Enter some details then hit return or click the “Search now” button.
If the details are not known you’ll get 0 results. Click the “New referral for a new customer” button.



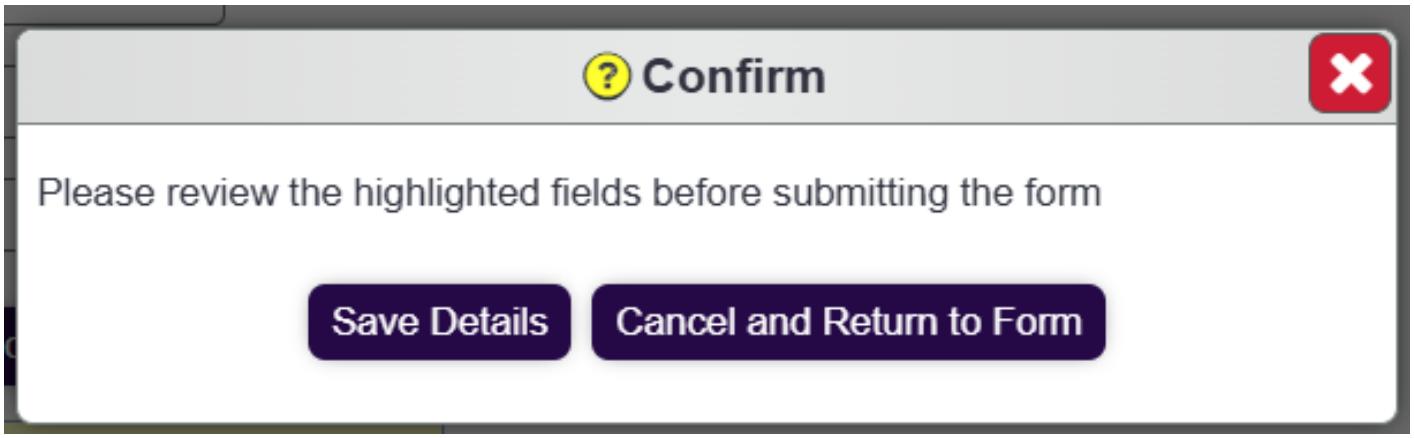
This will take you to the “New referral (Customer)” page:



Choose the kind of referral you need which will take you to the new customer details page:

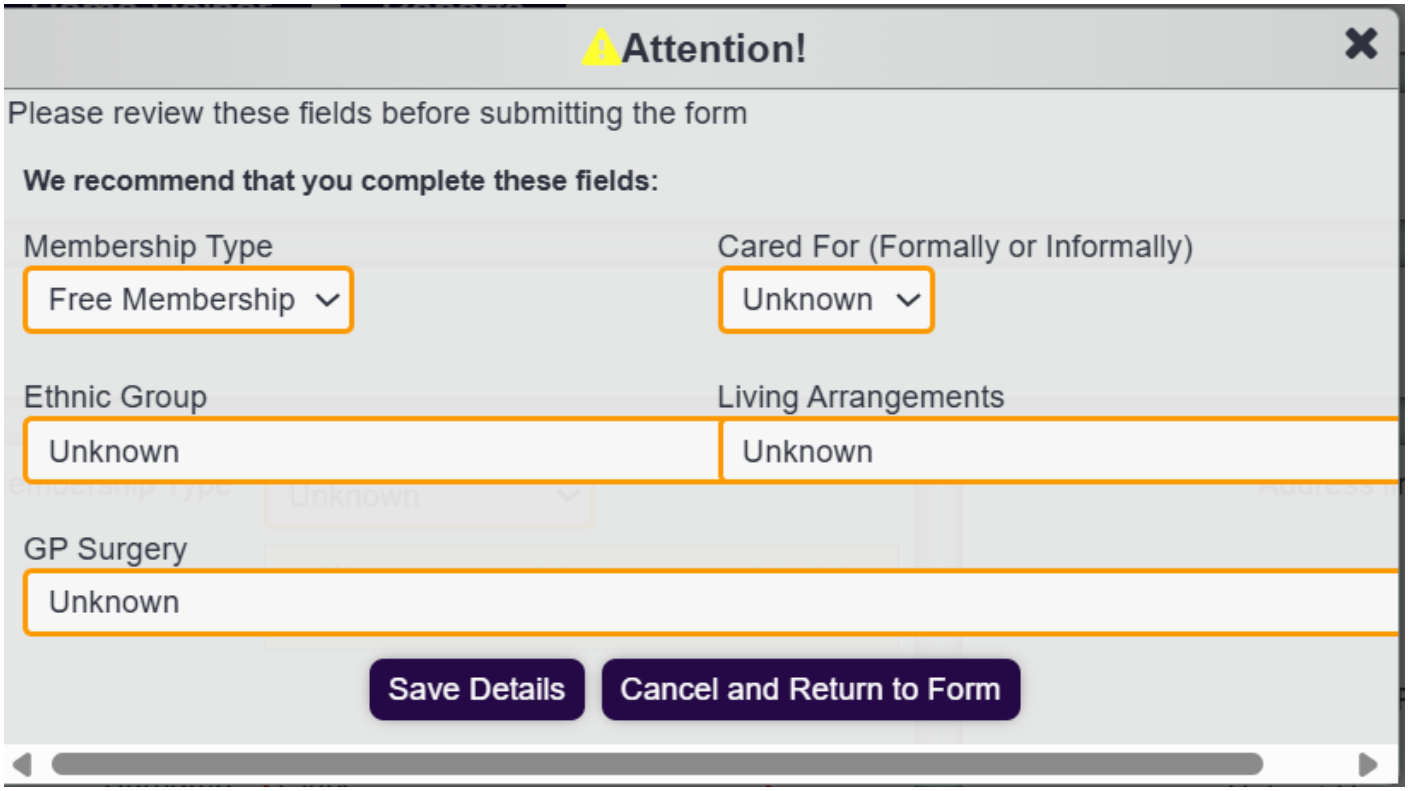


Fill in as many details as you have, the surname is mandatory.
Click “Save Details”. You’ll have to answer this confirm details dialog. Click “Save Details”.



The rest of the procedure is the same as for a referral for an existing customer.

If this dialog appears set membership to "Free Membership" unless the client takes up a paid service.

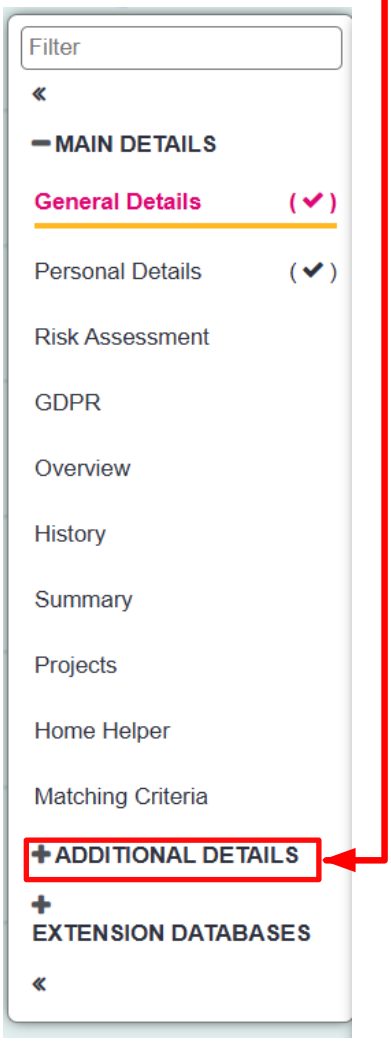


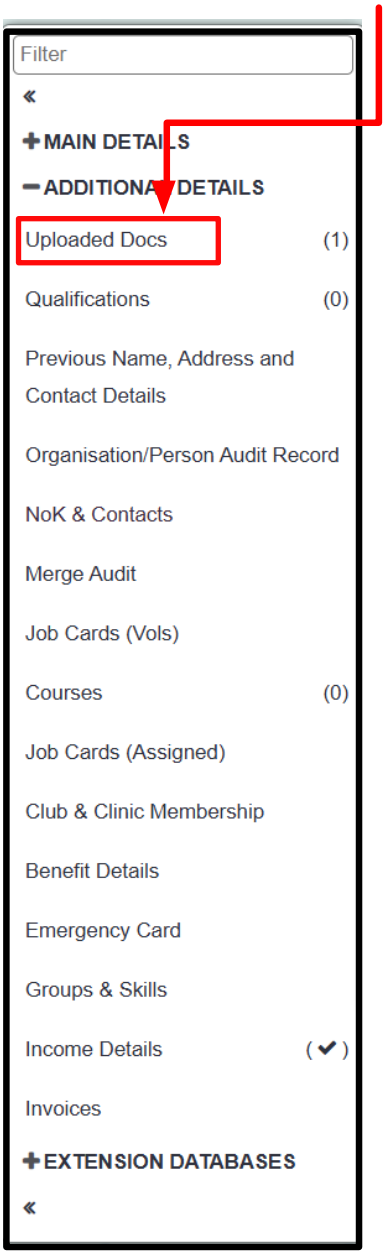
Uploading Scanned Documents For Form FIlling

When doing form filling, scan the completed form and then create an I & A referral. Click “Save and Close” button on the last screen of the referral.

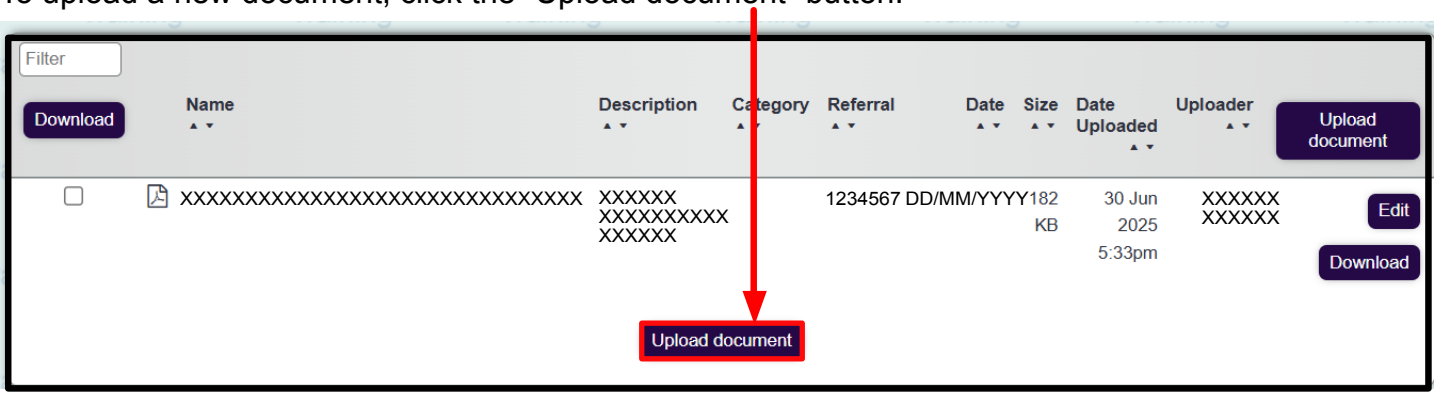
This will take you back to the customer details page.

Expand the “Additional Details” option that is on the left, then click the “Uploaded Docs” button.

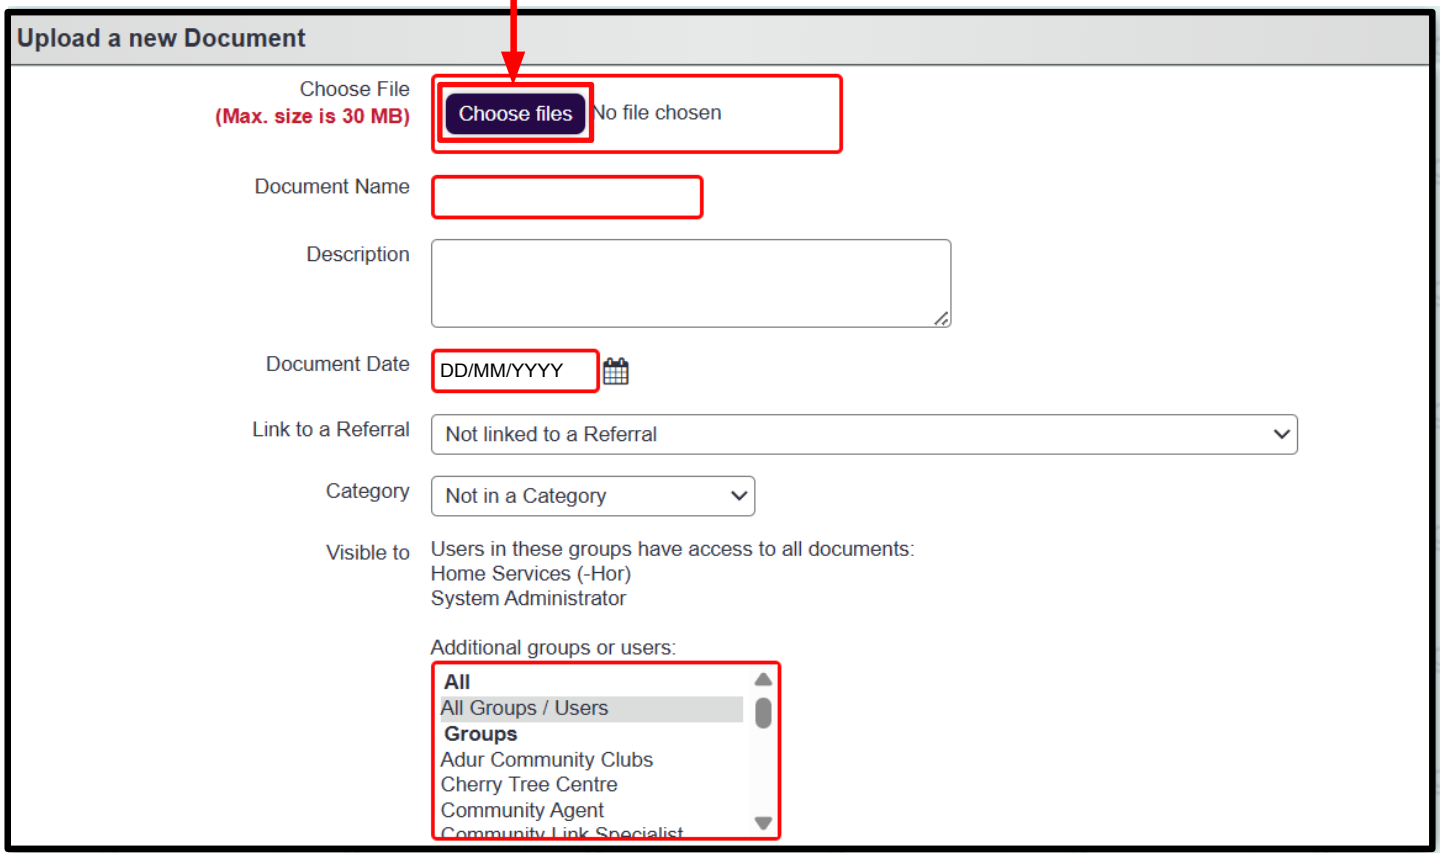




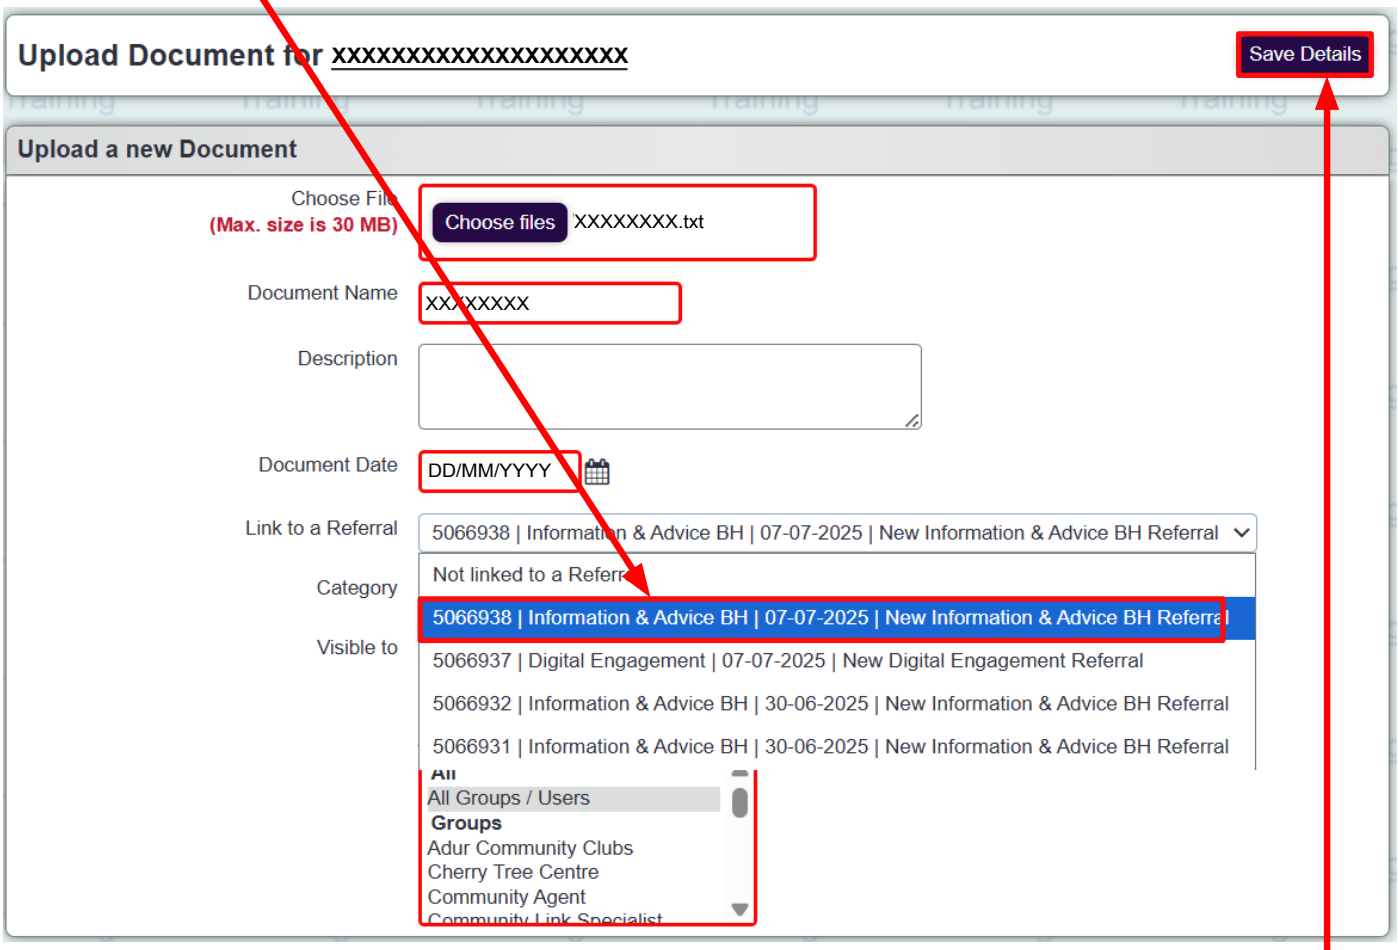
This opens the “Uploaded Documents” page.
To upload a new document, click the “Upload document” button.



This opens the “Upload a new Document” page. Click the “Choose files” button. This opens a standard open file dialog so navigate to where you have saved the scanned document.



Click the “Link to a Referral” drop down and choose the relevant referral.

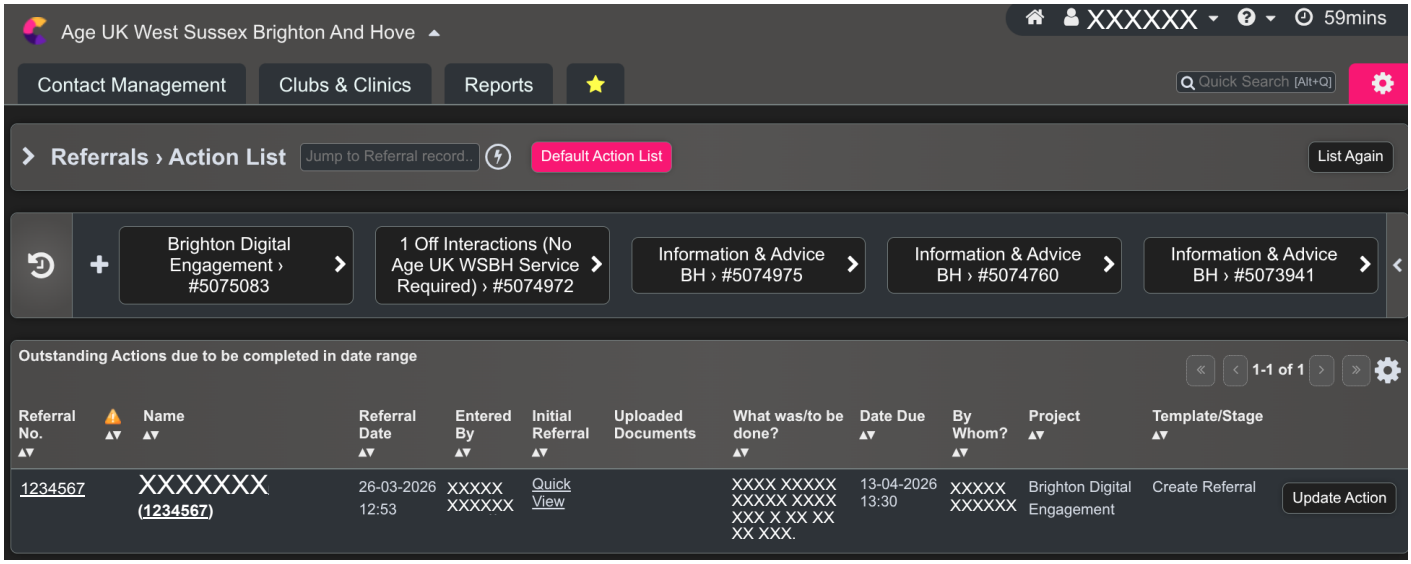


Then click the “Save Details” button.
This completes the process for uploaded documents for I & A referrals.

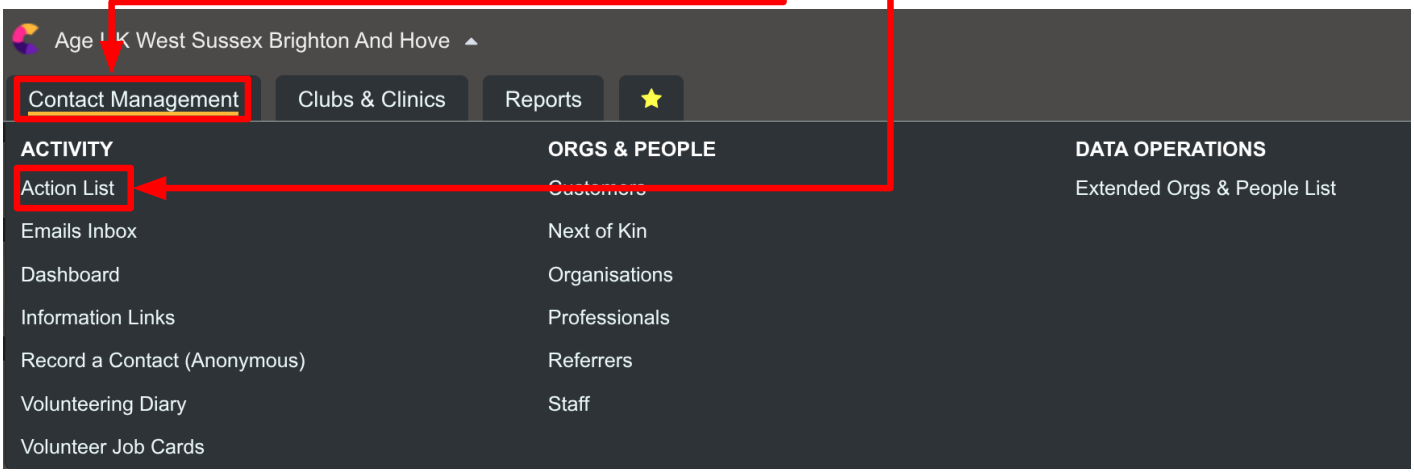
Updating An Action Referral

If you have a booked appointment, do not create a new referral - there should be an action for the booked referral in your action list.

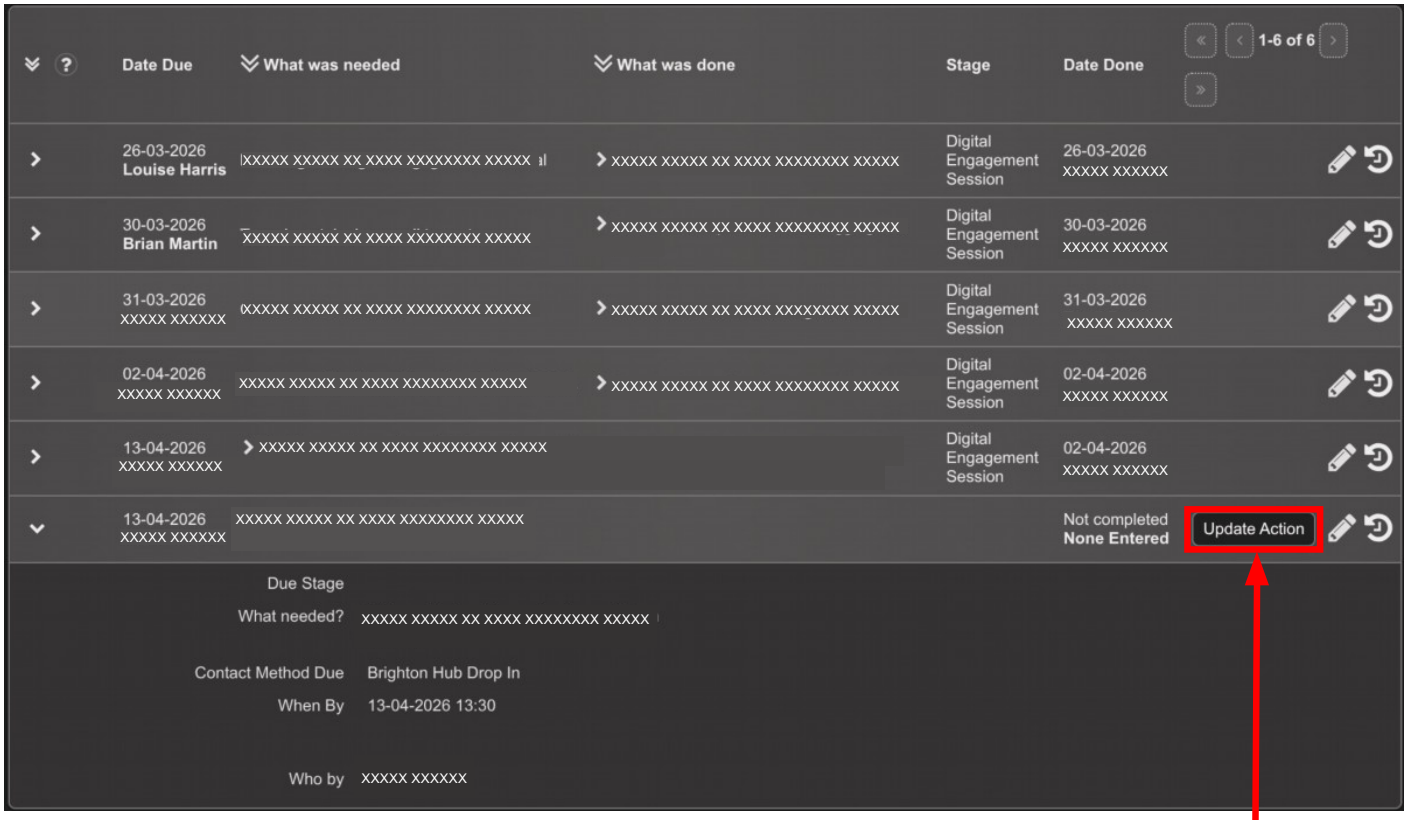
After logging in you'll probably see any outstanding actions on the "Action List Referral" page:



Alternatively you can go to "Contact Management"-> "Action List":

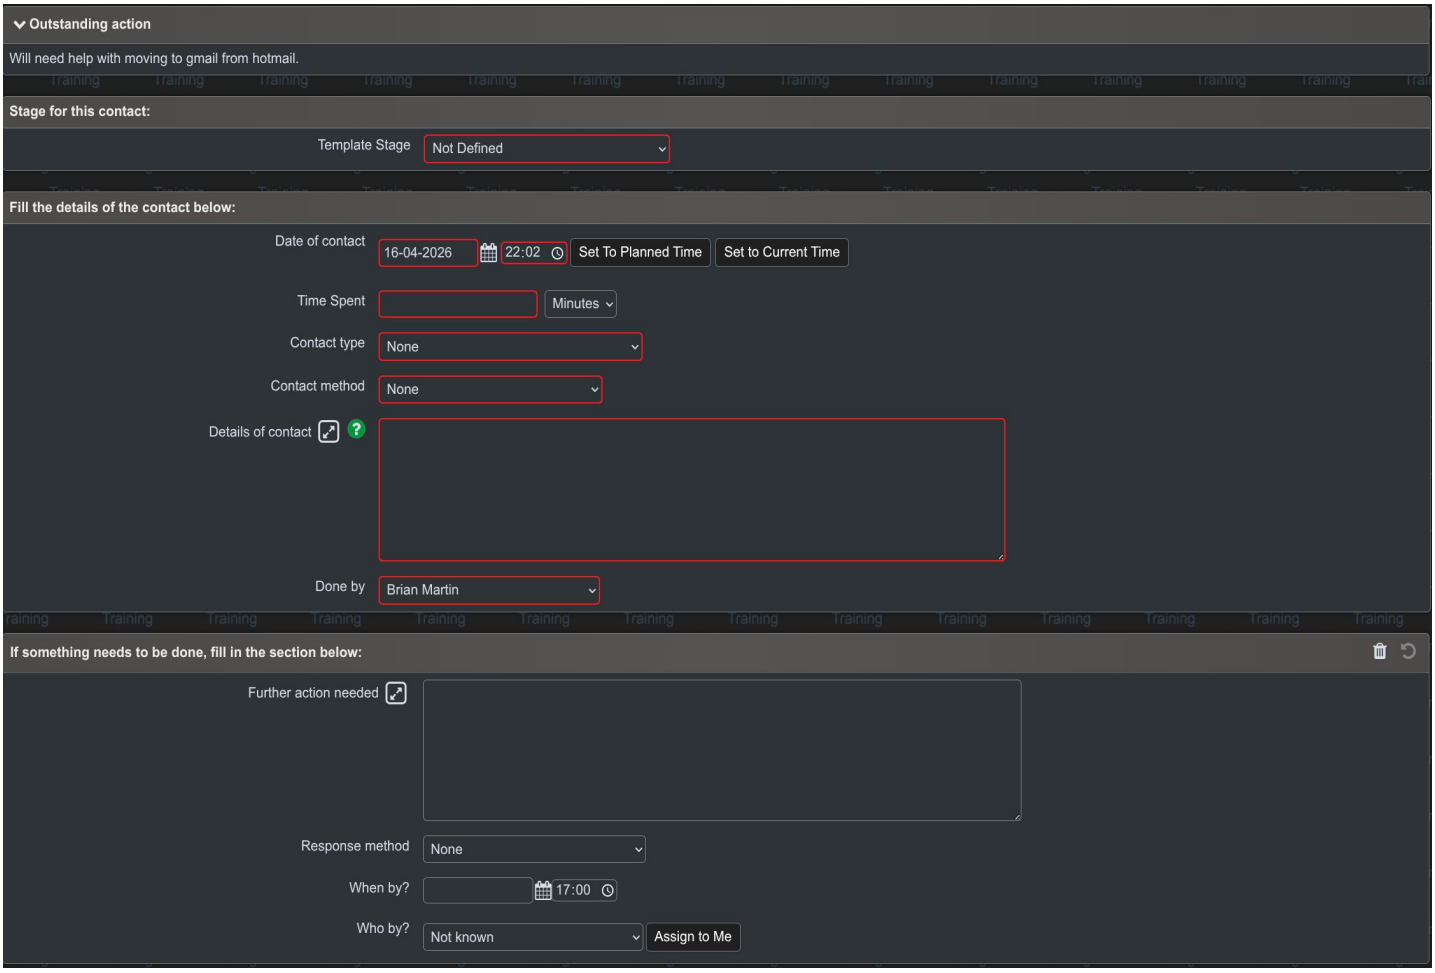


Click on the referral number (not the customer) and this will take you to a list of referrals:

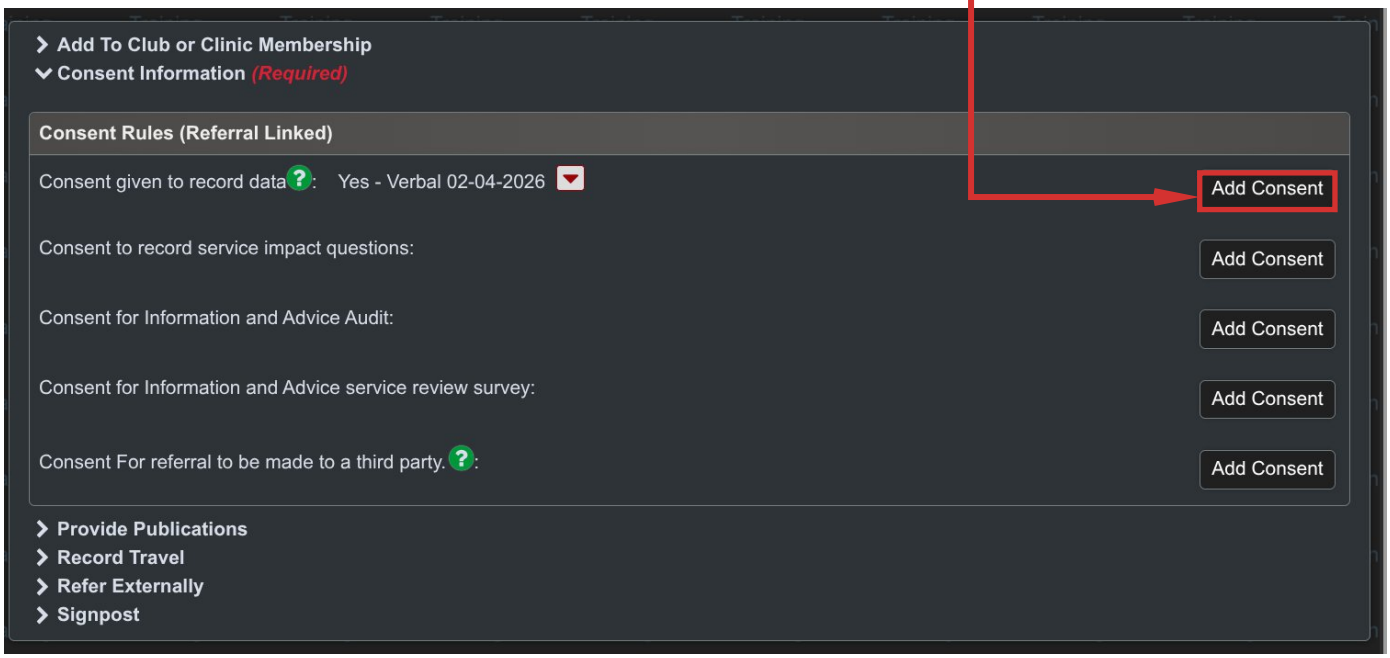


Click on the "Update Action" button

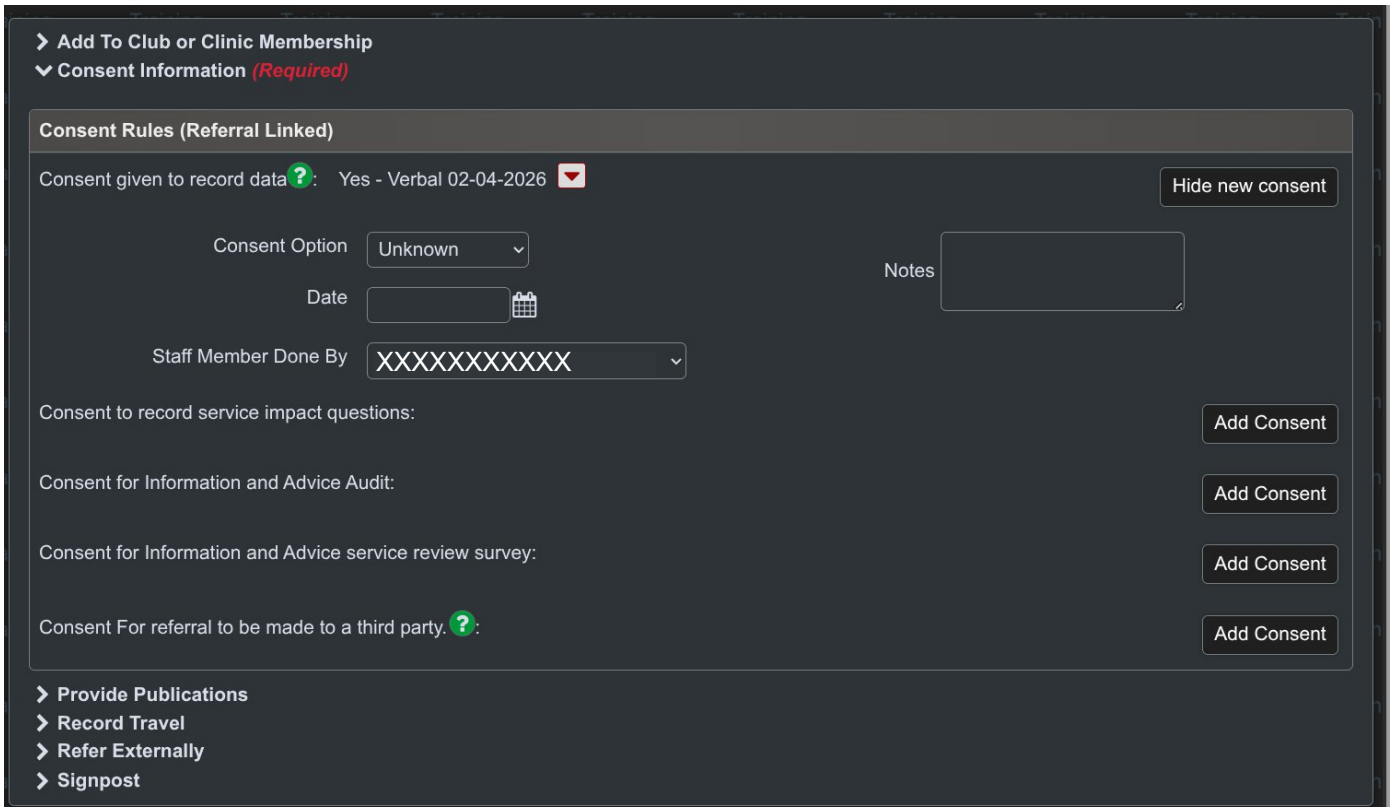
This opens the referral action page:



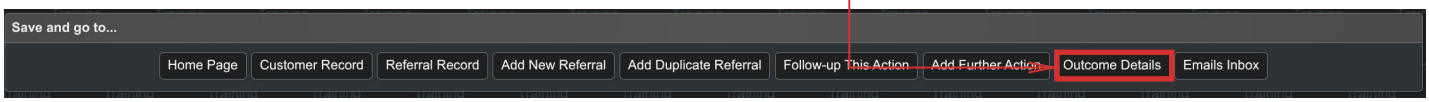
Fill in the red outlined fields. For the "Template Stage" option choose "Digital Engagement". Only fill out the "If something needs to be done" part if some else is needed. In addition you need to add consent by clicking the "Add Consent" button for the "Consent given to record data?" option:



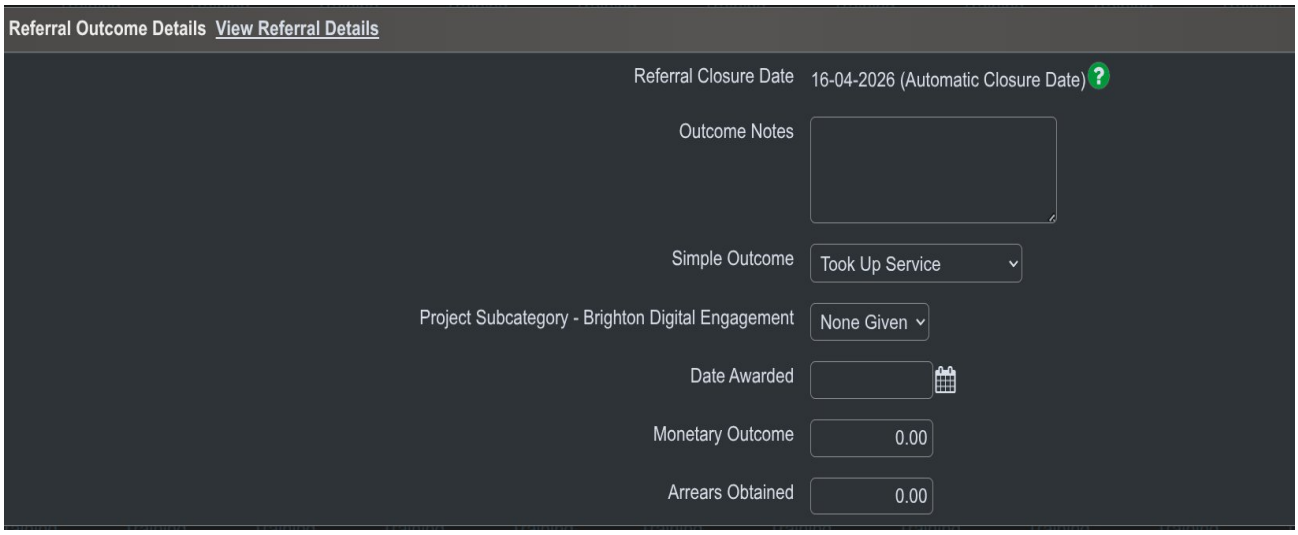
This will open the details for the consent - usually just add for "Consent Option" - Yes, verbal:



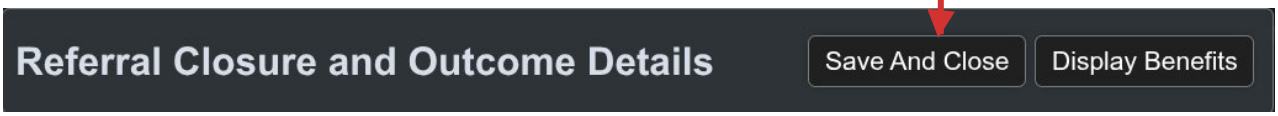
Then click the "Outcome Details" button at the bottom:



This takes you to the "Referral Outcome Details" page and usually you just choose "Took Up Service" in the "Simple Outcome" drop down as per usual.



At the top close the referral by clicking on the "Save And Close" button.



The referral should now be completed and closed.
